## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[17-033]

Notice of Information Collection

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of information collection renewal, with change

**SUMMARY:** The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** All comments should be submitted within 30 calendar days from the date of this publication.

**ADDRESSES:** Interested persons are invited to submit written comments regarding the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 7th Street NW, Washington, DC 20543. Attention: Desk Officer for NASA.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Frances Teel, NASA PRA Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546, (202) 358-2225.

**SUPPLEMENTARY INFORMATION:**

## **I. Abstract**

The National Aeronautics and Space Administration seeks to collect information from members of the public to plan, conduct, and register participants and volunteers for the NASA Human Exploration Rover Challenge, which supports science, technology, engineering, or mathematics (STEM) education. This engineering design challenge focuses on NASA's current plans to explore planets, moons, asteroids, and comets -- all members of the solar system family. The challenge will focus on designing, constructing and testing technologies for mobility devices to perform in these different environments, and it will provide valuable experiences that engage students in the technologies and concepts that will be needed in future exploration missions. NASA collects the minimum information necessary from teams, participants, and volunteers to plan and conduct the event.

## **II. Method of Collection**

Electronic

## **III. Data**

Title: NASA Human Exploration Rover Challenge

OMB Number: 2700-0157

Type of review: Extension, with change, of a currently approved information collection

Affected Public: Individuals

Estimated Number of Respondents: 960

Estimated Total Annual Burden Hours: 78

Estimated Total Annual Cost: \$7,425.00

#### **IV. Request for Comments**

Comments are invited on: 1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; 2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; 3) ways to enhance the quality, utility, and clarity of the information to be collected; and 4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

---
