AUTHORITY: 44 U.S.C. 3506(c)(2)(A).

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide

the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The ETA National and regional offices use the Quarterly Narrative Progress Report, Employment and Training Supplemental Budget Request Activities, to monitor the progress of State Workforce Agencies (SWAs) in implementing supplemental grant projects. ETA provides supplemental grants for SWAs to prevent and detect improper benefit payments, improve state performance, and address outdated Information Technology (IT) system infrastructures. ETA implements these projects through Unemployment Insurance (UI) Supplemental Budget Request (SBR) grants, Reemployment Services and Eligibility Assessments (RESEA) grants, and Dislocated Worker Grants (DWGs) to states for demonstration and special projects such as Reemployment and Systems Integration (RSI). This information collection includes the funded project/activity, the targeted start and completion dates for the project/activity, and the quarterly implementation status. These data are needed for budget preparation and control; program planning and evaluation; program monitoring, oversight, and performance accountability; actuarial and program research; and for accounting to Congress and the public. Title III, Section 303(a)(6) of the Social Security Act authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a

collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the ADDRESSES section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205-0517.

Submitted comments will also be a matter of public record for this ICR and posted on the Internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
