SUPPLEMENTARY INFORMATION:

Funding/Awards: The total funding potentially available for this competitive opportunity is \$8.4 million. The OAO will award new grants from this announcement, subject to availability of funds and the quality of applications received. All applications will be considered new projects and applicants will compete based on their organization's entity type (e.g., nonprofit organization, higher education institution), as described below. The maximum amount of requested federal funding for projects shall not exceed \$200,000. The maximum project period is one (1) year. Projects that are part of multi-year initiatives will only be funded for 1 year. Eligible entities may apply each new funding cycle with a new project proposal provided that: a) activities and associated costs do not overlap with projects awarded in previous years; and b) recipients are current and compliant with existing financial and progress reporting. The progress of existing projects, along with the percentage of funds used to date, may impact funding decisions.

Funding will be awarded based on peer competition within the three categories described below along with the amount of anticipated funding for each category. The OAO reserves the discretion to allocate funding between the three categories based upon the number and quality of applications received. There is **no commitment** by the OAO to fund any particular application or to select a specific number of recipients within each category.

1. Category #1: Eligible entities described in Sections III.A.2, III.A.3, and III.A.4 (1890 Land Grant colleges and universities, 1994 Alaska Native and American Indian Tribal colleges and universities, and Hispanic-Serving colleges and universities).
2. Category #2: Eligible entities described in Sections III.A.1 and III.A.6 (i.e., nonprofit organizations, community-based organizations, including a network or a coalition of community-based organizations, Indian Tribes (as defined in 25 U.S.C. § 450b), and National Tribal organizations).
3. Category #3: Eligible entities described in Sections III.A.5 and III.A.7 (i.e., all other institutions of higher education including 1862 colleges, nonprofit organizations without

a 501(c)(3) status certification from the IRS, and other organizations or institutions, including those that received funding under this program before January 1, 1996).

I. Funding Opportunity Description

A. Background

The OAO is committed to ensuring that socially disadvantaged and veteran farmers and ranchers are able to equitably participate in USDA programs. Differences in demographics, culture, economics, and other factors preclude a single approach to identifying solutions that can benefit our underserved farmers and ranchers. Community-based and non-profit organizations, higher education institutions, and eligible Tribal entities can play a critical role in addressing the unique difficulties they face and can help improve their ability to start and maintain successful agricultural businesses. With 2501 Program funding, organizations can extend our outreach efforts to connect with and assist socially disadvantaged and veteran farmers and ranchers and to provide them with information on available USDA resources.

1. The 2501 Program was authorized by the Food, Agriculture, Conservation, and Trade Act of 1990. The Food, Conservation, and Energy Act of 2008 expanded the authority of the Secretary of Agriculture (the Secretary) to provide awards under the program and transferred the administrative authority to the OAO. The Agricultural Act of 2014 further expanded the program to include outreach and assistance to veterans. The 2501 Program extends USDA's capacity to work with members of farming and ranching communities by funding projects that enhance the equitable participation of socially disadvantaged and veteran farmers and ranchers in USDA programs. It is the OAO's intention to build lasting relationships between USDA, the recipient's organizations, and socially disadvantaged and veteran farmers and ranchers.
2. **Only one proposal will be accepted from each organization.**

B. Scope of Work

The 2501 Program provides funding to eligible organizations for training and technical assistance projects designed to assist socially disadvantaged and veteran farmers and ranchers in owning and operating viable agricultural enterprises. Proposals must be consistent with requirements stated in 7 U.S.C. 2279(a)(2). Under this statute, the outreach and technical assistance program funds shall be used exclusively:

1. To enhance coordination of the outreach, technical assistance, and education efforts authorized under agriculture programs;
2. To assist the Secretary of Agriculture in:
 - a. reaching current and prospective socially disadvantaged farmers or ranchers and veteran farmers or ranchers in a linguistically appropriate manner; and
 - b. improving the participation of those farmers and ranchers in USDA programs.

Proposals from eligible entities must address two or more of the following priority areas:

1. Assist socially disadvantaged or veteran farmers and ranchers in owning and operating successful farms and ranches;
2. Improve participation among socially disadvantaged or veteran farmers and ranchers in USDA programs;
3. Build relationships between current and prospective farmers and ranchers who are either socially disadvantaged or veterans and USDA's local, state, regional, and National offices;
4. Introduce agriculture-related information to socially disadvantaged or veteran farmers and ranchers through innovative training and technical assistance techniques; and
5. Introduce agricultural education targeting socially disadvantaged youth, and/or socially disadvantaged beginning farmers and ranchers, in rural and persistent poverty communities.

To encourage information sharing and to build capacity among recipients, the OAO may require Project Directors to attend an annual training conference that can be expensed with awarded grant funds not to exceed \$1,000 per award for up to two authorized entity personnel. The conference will allow recipients, USDA officials, and other agriculture-related guests to share ideas and lessons learned; provide training on performance and financial reporting requirements; and provide information on USDA programs and services. In addition, Project Directors will have an opportunity to make contacts and gather information on best practices.

C. Anticipated Outputs (activities), Outcomes (results), and Performance Measures

1. **Outputs (Activities).** The term “output” means an outreach, educational component, or assistance activity, task, or associated work product related to improving the ability of socially disadvantaged and veteran farmers and ranchers to own and operate farms and ranches, assistance with agriculture related activities, or guidance for participation in USDA programs. Outputs may be quantitative or qualitative but must be measurable during the period of performance.

Examples of outputs from the projects to be funded under this announcement may describe an organization’s activities and their participants such as: number of workshops or meetings held and number of participants attending; frequency of services or training delivered; and to whom and/or development of products, curriculum, or resources provided. Other examples include but are not limited to the following:

- a. number of socially disadvantaged and veteran farmers or ranchers served;
- b. number of conferences or training sessions held and number of socially disadvantaged and veteran farmers and ranchers who attended;
- c. type and topic of educational materials distributed at outreach events;
- d. creation of a program to enhance the operational viability of socially disadvantaged and veteran farmers and ranchers;
- e. number of completed applications submitted for consideration for USDA programs; or
- f. activity that supports increased participation of socially disadvantaged farmers and ranchers and veteran farmers and ranchers in USDA programs.

Progress and Financial Reports will be required, as specified in Section VI, Subsection D, “Reporting Requirement.”

2. **Outcomes (Results).** The term “outcome” means the difference or effect that has occurred as a result from carrying out an activity, workshop, meeting, or from delivery of services related to a programmatic goal or objective. Outcomes refer to the final impact, change, or result that occurs as a direct result of the activities performed in accomplishing the objectives and goals of your project. Outcomes may refer to results that are agricultural, behavioral, social, or economic in nature. Outcomes may reflect an increase in knowledge or skills, a greater awareness of available resources or programs, or actions taken by stakeholders as a result of learning.

Project Directors will be required to document anticipated outcomes that are funded under this announcement which should include but are not limited to:

- a. increase in participation in USDA programs among socially disadvantaged and veteran farmers and ranchers;
 - b. increase in receptiveness of socially disadvantaged and veteran farmers and ranchers to outreach efforts through effective communication;
 - c. increase in economic stability of socially disadvantaged and veteran farmers and ranchers within a defined geographic area;
 - d. increase in community marketing and sales opportunities for the products of socially disadvantaged and veteran farmers and ranchers; or
 - e. increase use of resource conservation and sustainability practices among socially disadvantaged and veteran farmers and ranchers.
3. Performance Measures. Performance measures are tied to the goals or objectives of each activity and ultimately the overall purpose of the project. They provide insight into the effectiveness of proposed activities by indicating areas where a project may need adjustments to ensure success. Applicants must develop performance measure expectations which will occur as a result of their proposed activities. These expectations will be used as a mechanism to track the progress and success of a project. Project performance measures should include statements such as: whether workshops or technical assistance will meet the needs of farmers or ranchers in the service area and why; how much time will be spent in group training or individual hands-on training of farmers and ranchers in the service area; or whether activities will meet the demands of stakeholders. Project performance measures must include the assumptions used to make those estimates.

Consider the following questions when developing performance measurement statements:

- What is the measurable short-term and long-term impact the project will have on servicing or meeting the needs of stakeholders?
- How will the organization measure the effectiveness and efficiency of their proposed activities to meet their overall goals and objectives?

IV. Proposal and Submission Information

A. System for Award Management (SAM)

It is a requirement to register for SAM (www.sam.gov). There is NO fee to register for this site.

Per 2 CFR part 200, applicants are required to: 1) be registered in SAM **prior to** submitting an application; 2) provide a valid unique entity identifier in the application; and 3) continue to maintain an active SAM registration with current information at all times during which the organization has an active Federal award or an application or plan under consideration by a Federal awarding agency. The OAO may not make a Federal award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements. If an applicant has not fully complied with the requirements by the time the OAO is ready to make a Federal award, OAO may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

SAM contains the publicly available data for all active exclusion records entered by the Federal Government identifying those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits. All applicant organizations and their key personnel will be vetted through SAM.gov to ensure they are in compliance with this requirement and not on the Excluded Parties List. Organizations identified as having delinquent Federal debt may contact the Treasury Offset Program at (800) 304-3107 for instructions on resolution, but will not be awarded a 2501 Program grant prior to resolution.

B. Obtain Proposal Package from www.grants.gov

Applicants may download individual grant proposal forms from www.grants.gov. For assistance with www.grants.gov, please consult the Applicant User Guide at <http://grants.gov/assets/ApplicantUserGuide.pdf>.

Applicants are required to submit proposals through www.grants.gov. Applicants will be required to register through www.grants.gov in order to begin the proposal submission process. - In an organized format, create a timeline for each task to be accomplished during the period of performance timeframe. Relate each task to one of the five priority areas in Section I, Subsection B. The timeline is part of the 15 page limit but can be as simple as a one-page description of tasks.
- **Attachment 2: Budget Narrative.** The Budget Narrative should identify and describe the costs associated with the proposed project, including sub-awards or contracts and indirect costs. An eligible entity that has never received a negotiated indirect cost rate may elect to charge a de minimis rate of 10 percent maximum of total direct costs in accordance with 2 CFR §200.414(f).
Organizations with previously approved indirect cost rates must submit their Negotiated Indirect Cost Rate Agreement (NICRA) with this application in Attachment 3. All submitted NICRA agreements must be CURRENT. Other funding sources may also be identified in this attachment. Each cost indicated must be reasonable, allocable, necessary, and allowable under the Federal Cost Principles (2 CFR part 200, Subpart E–Cost Principles) in order to be funded. V. Application Review Information

A. Evaluation Criteria

Only eligible entities whose proposals meet the threshold criteria in Section III of this announcement will be reviewed according to the evaluation criteria set forth below. Applicants should explicitly and fully address these criteria as part of their proposal package. Each proposal will be reviewed under the regulations established under 2 CFR part 200.

A review panel that is independent of OAO will use a point system to rate each proposal, awarding a maximum of 100 points (90 points, plus an additional 10 discretionary points for programmatic priorities). Each proposal will be reviewed by at least two members of the Independent Review Panel who will review and score all applications submitted. The Independent Review Panel will numerically score and rank each application within the three categories and funding decisions will be based on their recommendations to the designated approving official. Final funding decisions will be made by the designated approving official.

B. Evaluation Criteria for New Grants Proposals

Criteria	Points
1. Project Narrative: Under this criterion, your proposal will be evaluated to the extent to which the narrative includes a well-conceived strategy for addressing the requirements and objectives stated in Section I, Part B, Scope of Work, (see page 5, Project Narrative, for further clarification) identifying a minimum of two or more of the priority areas.	40
In addition, the OAO may award up to 10 discretionary points (two (2) points each) for the following:	10
• Projects assisting beginning farmers and ranchers (as defined in 7 U.S.C. 3319f); • Projects to assist states/communities identified as persistent poverty;	

• Projects located in rural areas; and • Projects with an emphasis on partnering with other nonprofits, Federal, state, and local entities to maximize areas of coverage for outreach (i.e., research, small and beginning farmers, and feeding programs, etc.). • Projects leveraging funding from other Federal, state, and local entities, to maximize funding for outreach (i.e., research, small and beginning farmers, and feeding programs, etc.).	
2. Programmatic Capability: Under this criterion, applicants will be evaluated based on their ability to successfully complete and manage the proposed project taking into account the applicant's: organizational experience, its staff's expertise and/or qualifications, and the organization's resources. The organization must also clearly document its historical successes and future plans to continue assisting socially disadvantaged and veteran farmers and ranchers.	10
3. Financial Management Experience: Under this criterion, applicants will be evaluated based on their demonstrated ability to successfully complete and manage the proposed project taking into account the applicants' past performance in successfully completing and managing prior funding agreements identified, Section I, Part C, Performance Measures (see page 8). Past performance documentation on successfully completed projects may be at the Federal, state, or local community level. Per 2 CFR 200.205, if an applicant is a prior recipient of Federal awards, their record in managing that award will be reviewed, including timeliness of compliance with applicable reporting requirements and conformance to the terms and conditions of previous Federal awards.	5
4. Budget: Under this criterion, proposed project budget will be evaluated to determine whether costs are reasonable, allowable, allocable, and necessary to accomplish the proposed goals and objectives; and whether the proposed budget provides a detailed breakdown of the approximate funding used for each major activity. Additionally, indirect costs must be appropriately applied (see page 14). For a list of unallowable costs, please see 2 CFR Part 200, subpart E.	15
5. Tracking and Measuring: Under this criterion, the applicant's proposal will be evaluated based upon clearly documenting a	20

detailed plan for tracking and measuring their progress toward achieving the expected project outputs and outcomes as stated in Section I, Part C, Performance Measures (see page 7). Applicants should indicate how they intend to clearly document the effectiveness of their project in achieving proposed thresholds or benchmarks in relation to stated goals and objectives. For example, state how your organization plans to connect socially disadvantaged and veteran farmers and ranchers with USDA agricultural programs. Applicants must clearly demonstrate how they will ensure timely and successful completion of the project with a reasonable time schedule for execution of the tasks associated with the projects.

VI. Award Administration Information

A. Award Notices

Proposal Notifications and Feedback

1. The successful applicant will be notified by the OAO via telephone, email, and/or postal mail. The notification will advise the applicant that its proposed project has been evaluated and recommended for award. **The notification will be sent to the Project Manager listed on the SF-424, Application for Federal Assistance.** Project Managers should be the Authorized Organizational Representative (AOR) and authorized to sign on behalf of the organization. It is imperative that this individual is responsive to notifications by the OAO. If the individual is no longer in the position, please notify the OAO immediately to submit the new contact for the application by updating your organization's Key Contact form and forwarding a résumé of the new key personnel. The award notice will be forwarded to the grantee for execution and must be returned to the OAO Director, who is the authorizing official. Once grant documents are executed by all parties, authorization to begin work will be given. At a minimum, this process can take up to 30 days from the date of notification.
2. The OAO will also send notification to unsuccessful applicants via email or postal mail. **The notification will be sent to the Project Manager listed on the SF-424, Application for Federal Assistance.** Project Managers should be the AOR.

3. Within 10 days of award status notification, unsuccessful applicants may request feedback on their application. Feedback will be provided as expeditiously as possible. Feedback sessions will be scheduled contingent upon the number of requests and in accordance with 7 CFR § 2500.026.

B. Administrative and National Policy Requirements

All awards resulting from this solicitation will be administered in accordance with the Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards codified at 2 CFR part 200, as supplemented by USDA implementing regulations at 2 CFR parts 400 and 415, and OAO Federal Financial Assistance Programs–General Award Administrative Procedures, 7 CFR part 2500.

In compliance with its obligations under Title VI of the Civil Rights Act of 1964 and Executive Order 13166, it is the policy of the OAO to provide timely and meaningful access for persons with Limited English Proficiency (LEP) to projects, programs, and activities administered by Federal grant recipients. Recipient organizations must comply with these obligations upon acceptance of grant agreements as written in OAO's Terms and Conditions. Following these guidelines is essential to the success of our mission to improve access to USDA programs for socially disadvantaged and veteran farmers and ranchers.

C. Data Universal Numbering System, System for Award Management, and www.grants.gov.

In accordance with the Federal Funding Accountability and Transparency Act (FFATA) and the USDA implementation, all applicants must obtain and provide an identifying number from Dun and Bradstreet's (D&B) Data Universal Numbering System (DUNS). Applicants can receive a DUNS number, at no cost, by calling the toll-free DUNS number request line at (866) 705-5711, or visiting the D&B website at www.dnb.com.
