AGENCY: Rural Housing Service, USDA.

ACTION: Notice.

SUMMARY: The Rural Housing Service (RHS) announces the timeframe to submit pre-applications for Section 514 Farm Labor Housing (FLH) loans and Section 516 FLH grants for the construction of new off-farm FLH units and related facilities for domestic farm laborers and for the purchase and substantial rehabilitation of an existing non-FLH property. The intended purpose of these loans and grants is to increase the number of available housing units for domestic farm laborers. This Notice describes the method used to distribute funds, the application process, and submission requirements.

RHS will publish on its website, <http://www.rd.usda.gov/programs-services/farm-labor-housing-direct-loans-grants>, the amount of funding available in Fiscal Year (FY) 2017 based on current appropriations.

The Agency will assign additional points to pre-applications for projects based in or serving census tracts with poverty rates greater than or equal to 20 percent over the last 30 years. This emphasis will support Rural Development's mission of improving the quality of life for rural Americans and commitment to directing resources to those who most need them.

DATES: The deadline for receipt of all applications in response to this Notice is

5:00 P.M., local time to the appropriate Rural Development State Office on [INSERT DATE 45 DAYS AFTER PUBLICATION IN THE **FEDERAL REGISTER**]. Rural Development will not consider any application that is received after the deadline unless the date and time is extended by another notice published in the **Federal Register**.

Applicants intending to mail applications must provide sufficient time to permit delivery on or before the deadline. Acceptance by a post office or private mailer does not constitute delivery. Facsimile (FAX) and postage due applications will not be accepted.

ADDRESSES: Applicants wishing to submit an application in response to this Notice must contact the Rural Development State Office serving the State of the proposed off-FLH project in order to receive further information and copies of the application package. SUPPLEMENTARY INFORMATION:

Overview

Federal Agency: Rural Housing Service.

Funding Opportunity Title: NOSA for Section 514 Farm Labor Housing Loans and Section 516 Farm Labor Housing Grants for Off-Farm Housing for Fiscal Year 2017.

Announcement Type: Solicitation of pre-applications from qualified applicants for FY 2017.

Catalog of Federal Domestic Assistance Numbers (CFDA): 10.405 and 10.427.

Due Date for Applications: [INSERT DATE 45 DAYS AFTER PUBLICATION IN THE **FEDERAL REGISTER**].

A. FEDERAL AWARD DESCRIPTION

Pre-applications will only be accepted through the date and time listed in this Notice. All awards are subject to availability of funding. Individual requests may not exceed \$3 million (total loan and grant). No State may receive more than 30 percent of available FLH funding available in FY 2017.

If there are insufficient applications from around the country to exhaust Sections 514 and 516 funds available, the Agency may then exceed the 30 percent cap per State. Section 516 off-farm FLH grants may not exceed 90 percent of the total development cost (TDC) of the housing as defined in 7 CFR 3560.11.

If leveraged funds are going to be used and are in the form of tax credits, the applicant must include in its pre-application written evidence that a tax credit application has been submitted and accepted by the Housing Finance Agency (HFA). All applications that will receive any leveraged funds must have firm commitments in place within 12 months of the issuance of a “Notice of Pre-application Review Action,” Handbook Letter 106 (3560). Applicants without written evidence that a tax credit application has been submitted and accepted by the HFA must certify in writing they will

apply for tax credits to the HFA and obtain a firm commitment within 12 months of the issuance of a “Notice of Pre-application Review Action.”

Rental Assistance (RA) and operating assistance will be available for new construction in FY 2017. Operating assistance is explained at 7 CFR 3560.574 and may be used in lieu of tenant-specific RA in off-FLH projects that serve migrant farm workers as defined in 7 CFR 3560.11, that are financed under Section 514 or Section 516 (h) of the Housing Act of 1949, as amended (42 U.S.C. 1484 and 1486(h) respectively), and otherwise meet the requirements of 7 CFR 3560.574.

In order to maximize the use of our limited supply of FLH funds, if it is financially feasible we may contact eligible NOSA responses selected for an award in point score order starting with the higher scores, with proposals to modify the transaction’s proportions of grants and loan funds. In addition, if funds remain after the highest scoring eligible NOSA responses are selected for awards, we may contact those eligible responses not selected for awards, in point score order starting with the highest scores, to ascertain whether those respondents will accept those remaining funds.

B. Eligibility Information

1. Eligibility

Housing Eligibility – Housing that is constructed with FLH loans and/or grants must meet Rural Development’s design and construction standards contained in 7 CFR part 1924, subparts A and C. Once constructed, off-farm FLH must be managed in accordance with 7 CFR part 3560. In addition, off-farm FLH must be operated on a non-profit basis and tenancy must be open to all qualified domestic farm laborers, regardless at which farm they work. Section 514(f) (3) of the Housing Act of 1949, as amended (42

U.S.C. 1484(f) (3)) defines domestic farm laborers to include any person regardless of the person's source of employment, who receives a substantial portion of his or her income from the primary production of agricultural or aqua cultural commodities in the unprocessed or processed stage, and also includes the person's family.

Tenant Eligibility – Tenant eligibility is limited to persons who meet the definition of a “disabled domestic farm laborer,” or a “domestic farm laborer,” or “retired domestic farm laborer,” as defined in 7 CFR 3560.11. Farm workers who are admitted to this country on a temporary basis under the Temporary Agricultural Workers (H-2A Visa) program are not eligible to occupy Sections 514/516 off-farm FLH.

Applicant Eligibility –

The applicant must be able to contribute at least one-tenth of the TDC from non-Rural Development resources which can include leveraged funds.

(b) To be eligible to receive a Section 514 loan for off-farm FLH, the applicant must be a broad-based non-profit organization, including community and faith-based organizations, a non-profit organization of farm workers, a Federally recognized Indian tribe, an agency or political subdivision of a State or local Government, a public agency (such as a housing authority), or a limited partnership which has a non-profit entity as its general partner, and

- (i) Be unable to provide the necessary housing from its own resources;
- (ii) Except for State or local public agencies and Indian tribes, be unable to obtain similar credit elsewhere at rates that would allow for rents within the payment ability of eligible residents.

- (iii) Broad-based non-profit organizations must have a membership that reflects a variety of interests in the area where the housing will be located.

2. *Cost Sharing or Matching* – Section 516 grants for off-farm FLH may not exceed 90 percent of the TDC as provided in 7 CFR 3560.562(c)(1).

(i) All other requirements contained in 7 CFR part 3560, regarding the Sections 514/516 off-farm FLH programs; and

(j) Please note that grant applicants must obtain a Dun and Bradstreet Data Universal Numbering System (DUNS) number and maintain registration in the Central Contractor Registration (CCR) prior to submitting a pre-application pursuant to 2 CFR 25.200(b). In addition, an entity applicant must maintain registration in the CCR database at all times during which it has an active Federal award or an application or plan under consideration by the Agency. Similarly, all recipients of Federal financial assistance are required to report information about first-tier sub-awards and executive compensation in accordance with 2 CFR part 170. So long as an entity applicant does not have an exception under 2 CFR 170.110(b), the applicant must have the necessary processes and systems in place to comply with the reporting requirements should the applicant receive funding. See 2 CFR 170.200(b).

C. Application and Submission Information

1. *Pre-Application Submission*

The application process will be in two phases: the initial pre-application (or proposal) and the submission of a final application. Only those pre-applications or proposals that are selected for further processing will be invited to submit final

applications. In the event that a proposal is selected for further processing and the applicant declines, the next highest ranked unfunded pre-application may be selected for further processing. All pre-applications for Sections 514 and 516 funds must be filed with the appropriate Rural Development State Office and must meet the requirements of this Notice. Incomplete pre-applications will not be reviewed and will be returned to the applicant. No pre-application will be accepted after the deadline unless date and time are extended by another Notice published in the **Federal Register**.

Pre-applications can be submitted either electronically using the FLH Pre-Application form found at <http://www.rd.usda.gov/programs-services/farm-labor-housing-direct-loans-grants> or in hard copy to the appropriate Rural Development Office where the project will be located. Follow the link to find the appropriate RD Office address for requesting and submitting pre-application at:

<http://www.rurdev.usda.gov/StateofficeAddresses.html>. Applicants are strongly encouraged, but not required, to submit the pre-application electronically. The electronic form contains a button labeled “Send Form.” By clicking on the button, the applicant will see an e-mail message window with an attachment that includes the electronic form the applicant filled out as a data file with a .pdf extension. In addition, an auto-reply acknowledgement will be sent to the applicant when the electronic Loan Proposal form is received by the Agency unless the sender has software that will block the receipt of the auto-reply e-mail. The State Office will record pre-applications received electronically by the actual date and time when all attachments are received at the State Office.

Submission of the electronic Section 514 Loan Proposal form ***does not*** constitute submission of the entire proposal package which requires additional forms and

supporting documentation as listed within this Notice. You may use one of the following three options for submitting the entire proposal package comprising of all required forms and documents. On the Loan Proposal form you can indicate the option you will be using to submit each required form and document.

(a) Electronic Media Option. Submit all forms and documents as read-only Adobe Acrobat files on electronic media such as CDs, DVDs or USB drives. For each electronic device submitted, the applicant should include a Table of Contents of all documents and forms on that device. The electronic media should be submitted to the Rural Development State Office listed in this Notice where the property is located. Any forms and documents that are not sent electronically, including the check for credit reports, must be mailed to the Rural Development State Office.

(b) E-mail Option. On the Loan Proposal form you will be asked for a submission e-mail address. This e-mail address will be used to establish a folder on the U.S. Department of Agriculture (USDA) server with your unique e-mail address. Once the Loan Proposal form is processed, you will receive an additional e-mail notifying you of the e-mail address that you can use to e-mail your forms and documents. **Please Note:** All forms and documents must be e-mailed from the same submission e-mail address. This will ensure that all forms and documents that you send will be stored in the folder assigned to that e-mail address. Any forms and documents that are not sent in via the e-mail option must be submitted on an electronic media or in hard copy form to the Rural Development State Office.

(c) Hard Copy Submission to the Rural Development State Office. If you are unable to send the proposal package electronically using either of the options listed

above, you may send a hard copy of all forms and documents to the Rural Development State Office where the property is located. Hard copy pre-applications received on or before the deadline date will receive the close of business time of the day received as the receipt time. Hard copy pre-applications must be received by the submission deadline and no later than 5:00 P.M., local time, [INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN **FEDERAL REGISTER**]. Assistance for filing electronic and hard copy pre-applications can be obtained from any Rural Development State Office.

For electronic submissions, there is a time delay between the time it is sent and the time it is received depending on network traffic. As a result, last-minute submissions sent before the deadline date and time could well be received after the deadline date and time because of the increased network traffic. Applicants are reminded that all submissions received after the deadline date and time will be rejected, regardless of when they were sent.

If a pre-application is accepted for further processing, the applicant must submit a complete, final application, acceptable to Rural Development prior to the obligation of Rural Development funds. If the pre-application is not accepted for further processing the applicant will be notified of appeal rights under 7 CFR part 11.

2. Pre-Application Requirements

(a) The pre-application must contain the following:

(10) A brief statement explaining the applicant's proposed method of operation and management (*i.e.*, on-site manager, contract for management services, etc.). As stated earlier in this Notice, the housing must be managed in accordance with the program's management regulation, 7 CFR part 3560 and tenancy is limited to "disabled domestic farm laborers," "domestic farm laborers," and "retired domestic farm laborers," as defined in 7 CFR 3560.11.

the proposed project. Documentation must be provided to justify a need within the intended market area for the housing of “domestic farm laborers,” as defined in 7 CFR 3560.11. The documentation must take into account disabled and retired farm workers.

The preliminary survey should address or include the following items:

- (i) The annual income level of farmworker families in the area and the probable income of the farm workers who will likely occupy the proposed housing;
- (ii) A realistic estimate of the number of farm workers who remain in the area where they harvest and the number of farm workers who normally migrate into the area. Information on migratory workers should indicate the average number of months the migrants reside in the area and an indication of what type of family groups are represented by the migrants (*i.e.*, single individuals as opposed to families);
- (iii) General information concerning the type of labor intensive crops grown in the area and prospects for continued demand for farm laborers;
- (iv) The overall occupancy rate for comparable rental units in the area and the rents charged and customary rental practices for these units (*i.e.*, will they rent to large families, do they require annual leases, etc.);

The plan will reflect that occupancy is open to all qualified “domestic farm laborers,” regardless of which farming operation they work and that they will not discriminate on the basis of race, color, sex, age, disability, marital or familial status or National origin in regard to the occupancy or use of the units. The form can be found at:

<http://portal.hud.gov/hudportal/documents/huddoc?id=935-2a.PDF>.

D. Pre-Application Review Information

1. *Selection Criteria.* Section 514 FLH loan funds and Section 516 FLH grant funds will be distributed to States based on a national competition, as follows:

(a) Rural Development State Office will accept, review, and score pre-applications in accordance with this Notice. The scoring factors are:

(1) The presence of construction cost savings, including donated land and construction leverage assistance, for the units that will serve program-eligible tenants. The savings will be calculated as a percentage of the Rural Development TDC. The percentage calculation excludes any costs prohibited by Rural Development as loan expenses, such as a developer's fee. Construction cost savings includes, but is not limited to, funds for hard construction costs, and State or Federal funds which are applicable to construction costs. A minimum of 10 percent cost savings is required to earn points; however, if the total percentage of cost savings is less than 10 percent and the proposal includes donated land, two points will be awarded for the donated land. To count as cost savings for purposes of the selection criteria, the applicant must submit written evidence from the third-party funder that an application for those funds has been submitted and accepted points will be awarded in accordance with the following table using rounding to the nearest whole number.

Percentage	Points
75 or more_____	20
60-74_____	18
50-59_____	16
40-49_____	12
30-39_____	10

20-29_____8

10-19_____5

0 - 9_____0

(2) The presence of operational cost savings, such as tax abatements, non-Rural Development tenant subsidies or donated services are calculated on a per-unit cost savings for the sum of the savings. Savings must be available for at least 5 years and documentation must be provided with the application demonstrating the availability of savings for 5 years. To calculate the savings, take the total amount of savings and divide it by the number of units in the project that will benefit from the savings to obtain the per unit cost savings. For non-Rural Development tenant subsidy, if the value changes during the 5-year calculation, the applicant must use the lower of the non-Rural Development tenant subsidy to calculate per unit cost savings. For example, a 10-unit property with 100 percent designated farm labor housing units receiving \$20,000 per year non-Rural Development subsidy yields a cost savings of \$100,000 (\$20,000 x 5 years); resulting to a \$10,000 per-unit cost savings (\$100,000/10 units).

Use the following table to apply points:

Per-Unit Cost Savings	Points
Above \$15,000_____	50
\$10,001 - \$15,000_____	35
\$7,501 - \$10,000_____	20
\$5,001 - \$7,500_____	15
\$3,501 - \$5,000_____	10
\$2,001 - \$3,500_____	5

\$1,000 - \$2,000 _____ 2

(3) Additional 10 points will be awarded to projects in persistent poverty counties. A county is considered persistently poor if 20 percent or more of its population was living in poverty over the last 30 years (measured by the 1990, 2000 decennial censuses and 2007-2011 American Community Survey 5-year estimates).

(4) Presence of tenant services.

(i) Up to 25 points will be awarded based on the presence of and extent to which a tenant services plan exists that clearly outlines services that will be provided to the residents of the proposed project. These services may include, but are not limited to, transportation related services, on-site English as a Second Language (ESL) classes, move-in funds, emergency assistance funds, homeownership counseling, food pantries, after school tutoring, and computer learning centers.

(ii) Two points will be awarded for each resident service included in the tenant services plan up to a maximum of 10 points. Plans must detail how the services are to be administered, who will administer them, and where they will be administered. All tenant service plans must include letters of intent that clearly state the service that will be provided at the project for the benefit of the residents from any party administering each service, including the applicant.

(5) Energy Initiative Scoring Points (maximum 70 points)

Properties may receive points for energy initiatives in the categories of energy conservation, energy generation, water conservation and green property management. Depending on the scope of work (SOW), properties may earn “energy initiative” points (up to a maximum of 70 points) in either one of two categories: 1) New Construction or

2) Purchase and Rehabilitation of an Existing Non-Farm Labor Housing Building.

Projects will be eligible for one category of the two, but not both.

Energy programs including LEED for Homes, Green Communities, etc., will each have an initial checklist indicating prerequisites for participation in its energy program. The applicable energy program checklist will establish whether prerequisites for the energy program's participation will be met. All checklists must be accompanied by a signed affidavit by the project architect or engineer stating that the goals are achievable and the project has been enrolled in these programs if enrollment is applicable to that program. In addition, projects that apply for points under the energy generation category must include calculations of savings of energy. Compare property energy usage of three scenarios: 1) property built to required code of State with no renewables, to 2) property as-designed with commitments to stated energy conservation programs without the use of renewables and 3) property as-designed with commitments to stated energy conservation programs and the use of proposed renewables. Use local average metrics for weather and utility costs and detail savings in kWh and dollars. Provide payback calculations. These calculations must be done by a licensed engineer or credentialed renewable energy provider. Include with application, the provider/engineer's credentials including qualifications, recommendations, and proof of previous work. The checklist, affidavit, calculations and qualifications of engineer/energy provider must be submitted together with the loan application.

Enrollment in EPA Portfolio Manager Program. All projects awarded scoring points for energy initiatives must enroll the project in the EPA Portfolio Manager program to track post-construction energy consumption data. More information about

this program may be found at: <http://www.energystar.gov/buildings/facility-owners-and-managers/existing-buildings/use-portfolio-manager>.

(i) Energy Conservation for New Construction or Purchase and Rehabilitation of an Existing Non-Farm Labor Housing Building (maximum 55 points). Projects may be eligible for up to 55 points when the pre-application includes a written certification by the applicant to participate and achieve certification in the following energy efficiency programs.

The points will be allocated as follows:

- Emerald Level (45 points).

Applicant must state the level of certification that the applicant's plans will achieve in their certification in its pre-application.

AND

- Participation in the Department of Energy's Zero Energy Ready program. (8 points) <http://www.energy.gov/eere/buildings/zero-energy-ready-home>.

AND

- Participation in local green/energy efficient building standards.

Applicants who participate in a city, county or municipality program, will receive an additional 2 points.

(ii) Energy Conservation for Rehabilitation (maximum 55 points). Pre-applications for the purchase and rehabilitation of non-program MFH and related facilities in rural areas may be eligible to receive 55 points when the pre-application

includes a written certification by the applicant to participate in one of the following energy efficiency programs. Again, the certification must be accompanied by a signed affidavit by the project architect or engineer stating that the goals are achievable. Points will be award as follows:

- Participation in the Green Communities program by the Enterprise Community Partners (53 points) <http://www.enterprisecommunity.com/solutions-and-innovation/enterprise-green-communities>. At least 30 percent of the points needed to qualify for the Green Communities program must be earned under the Energy Efficiency section of Green Communities.

AND

- Participation in local green/energy efficient building standards. Applicants who participate in a city, county or municipality program, will receive an additional 2 points. The applicant should be aware of and look for additional requirements that are sometimes embedded in the third-party program's rating and verification systems. (2 points)

(iii) Energy Generation (maximum 7 points). Pre-applications for new construction or purchase and rehabilitation of non-program multi-family projects which participate in the above mentioned programs and receive at least 20 points in the point allocations above are eligible to earn additional points for installation of on-site renewable energy sources. Energy analysis of preliminary building plans using industry-recognized simulation software must document the projected total energy consumption of all of the building components and building site usage. Projects with an energy analysis of the preliminary or rehabilitation building plans that propose a 10 percent to 100

percent energy generation commitment (where generation is considered to be the total amount of energy needed to be generated on-site to make the building a net-zero consumer of energy) will be awarded points as follows:

- 0 to 9 percent commitment to energy generation receives 0 points
- 10 to 20 percent commitment to energy generation receives 1 point
- 21 to 40 percent commitment to energy generation receives 2 points

- 61 to 80 percent commitment to energy generation receives 4 points
- 81-100 percent or more commitment to energy generation receives 5 points

Projects may participate in Power Purchase Agreements or Solar Leases to achieve their on-site renewable energy generation goals provided that the financial obligations of the lease/purchase agreements are clearly documented and included in the application, and qualifying ratios continue to be achieved.

An additional (2) points will be awarded for off-grid systems, or elements of systems, provided that at least 5 percent of on-site renewable system is off-grid.

See www.dsireusa.org for State and local specific incentives and regulations of energy initiatives.

(iv) Water Conservation in Irrigation Measures (maximum 3 points). Projects may be awarded 3 points for the use of an engineered recycled water (gray water or storm water) for landscape irrigation covering 50 percent or more of the property's site landscaping needs.

(v) Property Management Credentials (maximum 5 points). Projects may be awarded an additional 5 points if the designated property management company or

individuals that will assume maintenance and operations responsibilities upon completion of construction work have a Credential for Green Property Management. Credentialing can be obtained from the National Apartment Association (NAA), National Affordable Housing Management Association, The Institute for Real Estate Management, U.S. Green Building Council's Leadership in Energy and Environmental Design for Operations and Maintenance (LEED OM), or another source with a certifiable credentialing program. Credentialing must be illustrated in the resume(s) of the property management team and included with the pre-application.

The National Office will rank all pre-applications nationwide and distribute funds to States in rank order, within funding and RA limits. When proposals have an equal score, preference will be given first to Indian tribes as defined in §3560.11 and then local non-profit organizations or public bodies whose principal purposes include low-income housing that meet the conditions of §3560.55(c) and the following conditions:

- Is exempt from Federal income taxes under section 501(c)(3) or 501(c)(4) of the Internal Revenue code;
- Is not wholly or partially owned or controlled by a for-profit or limited-profit type entity;
- Whose members, or the entity, do not share an identity of interest with a for-profit or limited-profit type entity;
- Is not co-venturing with another entity; and
- The entity or its members will not be receiving any direct or indirect benefits pursuant to Low Income Housing Tax Credits.

If there are two or more applications that have the same score and both cannot be funded, a lottery in accordance with 7 CFR 3560.56(c) (2) will be used to break the tie. If insufficient funds or RA remain for the next ranked proposal, that applicant will be given a chance to modify their pre-application to bring it within remaining funding levels. This will be repeated for each next ranked eligible proposal until an award can be made or the list is exhausted.

Rural Development will notify all applicants whether their applications have been accepted or rejected and provide appeal rights under 7 CFR part 11, as appropriate.
