SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Hydrostatic Testing Provision of the Portable Fire Extinguishers Standard information collection requirements codified in regulations 1910.157(f)(16) that require and Occupational Safety and Health Act (OSH Act) covered employer subject to the Standard to keep the most recent certification record verifying that hydrostatic testing of fire extinguishers has been performed at intervals specified in Table L-1 of the Standard. Table L-1 requires testing of fire extinguishers at intervals varying between 5 to 12 years, depending on the type of fire extinguisher. An employer who tests fire extinguishers only

at these intervals is required to retain testing certification records for longer than 3 years. OSH Act section 8 authorizes this information collection. *See* 29 U.S.C. 657

The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the Federal Register on May 23, 2017 (82 FR 23609).
