Methodology

The Department is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, the Department preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶

The Department notes that, in making these findings, it relied, in part, on facts available and, because it finds that one or more respondents did not act to the best of their ability to respond to the Department’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁷ For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, the Department shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act. In this investigation, the Department preliminarily assigned rates based entirely on facts available to Loften Aluminum (Hong Kong) Limited (Loften HK), as well as Manakin Industries, LLC.

---

⁶ *See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.*

⁷ *See sections 776(a) and (b) of the Act.*
(Manakin Industries). Therefore, the only rates that are not zero, *de minimis*, or based entirely on facts otherwise available, are the rates calculated for Dingsheng Aluminum Industries (Hong Kong) Trading Co., Ltd. (Dingsheng HK) and Jiangsu Zhongji Lamination Materials Co., Ltd. (Zhongji). Consequently, a simple average of the rates calculated for Dingsheng HK and Zhongji is also assigned as the rate for all-other producers and exporters.

**Preliminary Determination**

The Department preliminarily determines that the following estimated countervailable subsidy rates exist:

<tr>
<td>Dingsheng Aluminum Industries (Hong Kong) Trading Co., Ltd.</td>
