An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

**Animal Plant and Health Inspection Service**

*TITLE:* Importation of Hass Avocado from Michoacán Mexico

*OMB CONTROL NUMBER:* 0579-0129

*SUMMARY OF COLLECTION:* Under the Plant Protection Act (7 U.S. C. 7701—et seq.), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests, to prevent the introduction of plant pests into the United States or their dissemination within the United States. The Animal and Plant Health Inspection Service (APHIS) regulations allow fresh Hass Avocados grown in approved orchards in Michoacan, Mexico to be imported into the United States under certain conditions.

*NEED AND USE OF THE INFORMATION:* APHIS will collect information using form PPQ 587 “Application for Permit to Import Plants or Plant Products,” to ensure that fresh Hass Avocados from Mexico do not harbor insect pests (including Avocado stem weevils, seed weevils, and seed moths). The information collected will ensure that fresh Hass Avocados from Mexico do not harbor exotic insect pests that, if introduced into the United States, could inflict severe damage upon U.S. agriculture.

## **Animal Plant and Health Inspection Service**

*TITLE:* Export Certification, Accreditation of Non-Government Facilities

*OMB CONTROL NUMBER:* 0579-0130

*SUMMARY OF COLLECTION:* The Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS) is responsible for preventing plant diseases or insect pests from entering the United States, as well as, the spread of pests not widely distributed in the United States, and eradicating those imported when eradication is feasible. The Plant Protection Act (7 U.S.C. 7701 et. seq.), authorizes the Department to carry out this mission. In addition to its mission, APHIS provides export certification services to ensure other countries that the plants and plant products they are receiving from the United States are free of plant diseases and insect pests.

*NEED AND USE OF THE INFORMATION:* The accreditation process requires the use of several information activities to ensure that nongovernment facilities applying for accreditation processes the necessary qualifications. APHIS will collect information for applications submitted by operator/owner of a non-government facility seeking accreditation to conduct laboratory testing or phytosanitary inspection. The application should contain the legal name and full address of the facility, the name, address, telephone and fax numbers of the facility's operator, a description of the facility, and a description of the specific laboratory testing or phytosanitary inspection services for which the facility is seeking accreditation. If these activities are not conducted properly, APHIS export certification program would be compromised, causing a disruption in plant and plant product exports that could prove financially damaging to U.S. exporters.

**Animal and Plant Health Inspection Service**

*TITLE:* South American Cactus Moth; Quarantine and Regulations

*OMB CONTROL NUMBER:* 0579-0337

*SUMMARY OF COLLECTION:* Under the Plant Protection Act (7 U.S.C. 7701 – et.seq.), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into the United States or their dissemination within the United States. The Animal and Plant Health Inspection Service (APHIS) regulations, “Subpart-South American Cactus Moth” (7 CFR part 301.55 through 301.55-9), restrict the interstate movement of regulated articles from quarantined areas into or through non-quarantined areas within the United States.

*NEED AND USE OF THE INFORMATION:* APHIS will collect information using limited permits, Federal certificates, and compliance agreements. The limited permits are used to authorize movement of regulated articles that are not certifiable to specified destination for processing, treatment, or utilization. Federal certificates are used for domestic movement of treated articles relating to quarantines, and are issued for regulated articles when an inspector or other person authorized to issue certificates finds that the articles have met the conditions of the regulations and may be safely moved interstate without further restrictions. Compliance agreements are provided for the convenience of persons who are involved in the growing, handling, or moving of regulated articles from quarantined areas. Without this information,

APHIS could not provide an effective domestic quarantine program to prevent the artificial spread of the South American cactus moth within the United States.

### **Animal and Plant Health Inspection Service**

*TITLE:* Johne's Disease

*OMB CONTROL NUMBER:* 0579-0338

*SUMMARY OF COLLECTION:* The Animal Health Protection Act of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The regulations in Title 9, Chapter 1, Subchapter C of the Code of Federal Regulations, govern the interstate movement of animals to prevent the dissemination of livestock and poultry diseases in the United States.

*NEED AND USE OF THE INFORMATION:* Animal and Plant Health Inspection Service (APHIS) will collect information using form VS 1-27, Permit for Movement of Restricted Animals and Official Ear Tags. APHIS will collect the following information from form VS-127: (1) the number of animals to be moved; (2) the species of the animals; (3) the points of origin and destination, and (4) the names and addresses of the consignor and the consignee. Failing to collect this information would greatly hinder the control of Johne's disease and possible lead to increased prevalence.

**Animal and Plant Health Inspection Service**

*TITLE:* Importation of French Beans and Runner Beans from the Republic of Kenya into the United States

*OMB CONTROL NUMBER:* 0579-0373

*SUMMARY OF COLLECTION:* The Plant Protection Act (7 U.S.C. 7701 *et seq.*), authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. The regulations in “Subpart-Fruits and Vegetables” (7 CFR 319.56-1 through 319.56-76), prohibit or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination of plant pests that are new to or not widely distributed within the United States. The regulations allow the importation of French beans and runner beans from the Republic of Kenya into the United States. As a condition of entry, both commodities would have to be produced in accordance with a systems approach that would include requirements for packing, washing, and processing.

*NEED AND USE OF THE INFORMATION:* The Animal and Plant Health Inspection Service will use the following activities to collect information: inspections, packinghouse registration, box labeling, and phytosanitary certificates. Use of these information collection activities would allow for the importation of French beans and runner beans from the Republic of Kenya into the

United States while continuing the protection against the introduction of quarantine pests.
