SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). The Department published the notice of initiation of this
investigation on April 26, 2017. On June 5, 2017, the Department postponed the preliminary determination of this investigation and the revised deadline is now August 25, 2017. For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. Scope of the Investigation

The product covered by this investigation is wire rod from Italy. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to the Department’s regulations, the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage, (i.e., scope).

the product coverage comments and rebuttal responses submitted to the record for this

Appendix I.

**Methodology**

The Department is conducting this investigation in accordance with section 701 of the
Act. For each of the subsidy programs found countervailable, the Department preliminarily
determines that there is a subsidy, \textit{i.e.}, a financial contribution by an “authority” that gives rise to
a benefit to the recipient, and that the subsidy is specific.\(^7\)

The Department notes that, in making these findings, it relied, in part, on facts available
and, because it finds that one or more respondents did not act to the best of their ability to
respond to the Department’s requests for information, it drew an adverse inference where
appropriate in selecting from among the facts otherwise available.\(^8\) For further information, see
“Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision
Memorandum.

**All-Others Rate**

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary
determination, the Department shall determine an estimated all-others rate for companies not

Federation, South Africa, Spain, the Republic of Turkey, Ukraine, the United Arab Emirates, and the United

(Preliminary Scope Decision Memorandum).

\(^7\) See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding
benefit; and section 771(5A) of the Act regarding specificity.

individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and de minimis rates and any rates based entirely under section 776 of the Act. In this investigation, the Department preliminarily assigned a rate based entirely on facts available to Ferriera Valsider S.p.A. (Ferriera Valsider). Therefore, the only rate that is not zero, de minimis, or based entirely on facts otherwise available, is the rate calculated for Ferriere Nord S.p.A. (Ferriere Nord). Consequently, the rate calculated for Ferriere Nord is also assigned as the rate for all-other producers and exporters.

Preliminary Determination

The Department preliminarily determines that the following estimated countervailable subsidy rates exist:

Suspension of Liquidation

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register. Further, pursuant to 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit equal to the rates indicated above.

⁹ As discussed in the Preliminary Decision Memorandum, the Department has found the following companies to be cross-owned with Ferriere Nord: FIN FER S.p.A.; Acciaierie di Verona S.p.A.; and SIAT S.p.A.
