**Needs and Uses:** The Commission will use the information collected in FCC Form 680 to determine whether a winning bidder is qualified to receive Mobility Fund Phase I and Tribal Mobility Fund Phase I support. On November 18, 2011, the Commission released an order

comprehensively reforming and modernizing the universal service and intercarrier compensation systems to ensure that robust, affordable voice and broadband service, both fixed and mobile, are available to Americans throughout the nation. *Connect America Fund et al.*, Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663 (2011) (*USF/ICC Transformation Order*). In adopting the *USF/ICC Transformation Order*, the Commission created the Connect America Mobility Fund to ensure the availability of mobile broadband networks in areas where a private-sector business case is lacking. Phase I of the Mobility Fund provided one-time universal service support for the deployment of networks for mobile voice and broadband, and a separate, complementary Tribal Mobility Fund Phase I provided one-time universal service support to accelerate the availability of mobile voice and broadband service in Tribal areas.

To implement these reforms and conduct competitive bidding for Mobility Fund Phase I support and Tribal Mobility Fund Phase I support, the Commission adopted rules in sections 1.21004(a), 54.1004, 54.1005, 54.1006, 54.1007, and 54.1008 containing information collection requirements that would be used to determine whether a winning bidder of Mobility Fund Phase I support and Tribal Mobility Fund Phase I support is qualified to receive such support. Section 1.21004(a) requires all winning bidders of universal service support to apply for the support by the applicable deadline. Sections 54.1005(b) and 54.1006 require a winning bidder to submit, using FCC Form 680, ownership information, proof of its status as an Eligible Telecommunications Carrier, a description of its spectrum access, a detailed project description, any guarantee of performance that the Commission may require, and various certifications. Sections 54.1004(d)(3) and 54.1008(d) require a winning bidder to certify in its application that it has substantively engaged appropriate Tribal officials. In addition, sections 54.1007(a) and (b) require a winning bidder to obtain an irrevocable standby letter of credit, which the winning bidder must maintain until at least 120 days after the winning bidder receives its final distribution of support.

The Commission needs the information collection requirements to ensure that a winning

bidder for universal support submits an application for support, which, in turn, will allow the Commission to determine whether the applicant is qualified to receive such support. The Commission also needs to use the information collected to protect the integrity of the universal service programs by requiring a winning bidder to maintain a letter of credit that will secure a return of universal service funds from a winning bidder that has defaulted on its obligations. Without such information, the Commission could not determine whether to provide the universal service support to the winning bidder or protect the government's interest in the funds it disburses in Mobility Fund Phase I and Tribal Mobility Fund Phase I.
