Notice of Availability of Draft Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380, the Office of Energy Projects has reviewed the application for new license for the Prospect No. 3 Hydroelectric Project, located on the South Fork of the Rogue River in Jackson County, Oregon, and has prepared a Draft Environmental Assessment (DEA) for the project. The project currently occupies 32.4 acres of federal land managed by the U.S. Forest Service as part of the Rogue River-Siskiyou National Forest.

The DEA contains the staff's analysis of the potential environmental impacts of continued operation and maintenance of the project and concludes that relicensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the DEA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document.
