## **DEPARTMENT OF HEALTH AND HUMAN SERVICES**

### **Indian Health Service**

#### **Request for Public Comment: 30-Day Notice for Extension of Fast Track Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery: IHS Customer Service Satisfaction and Similar Surveys**

**AGENCY:** Indian Health Service, HHS.

**ACTION:** Notice and request for comments. Request for extension of approval.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995, the Indian Health Service (IHS) is submitting to the Office of Management and Budget (OMB) a request for an extension of a previously approved collection of information titled, “Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery: IHS Customer Service Satisfaction and Similar Surveys” (OMB Control Number 0917-0036), which expires July 30, 2018. This proposed information collection project was recently published in the Federal Register on September 27, 2017, and allowed 60 days for public comment. The IHS received no comments regarding this collection. The purpose of this notice is to allow 30 days for public comment to be submitted directly to OMB.

A copy of the supporting statement is available at [www.regulations.gov](http://www.regulations.gov) (see Docket ID IHS\_FRDOC\_001).

**DATES:** [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]. Your comments regarding this information collection are best assured of having full effect if received within 30 days of the date of this publication.

*Direct Your Comments to OMB:* Send your comments and suggestions regarding the proposed information collection contained in this notice, especially regarding the estimated public burden and associated response time to: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for IHS.

**FOR FURTHER INFORMATION CONTACT:** To request additional information, please contact Evonne Bennett-Barnes by one of the following methods:

- Mail: Evonne Bennett-Barnes, Information Collection Clearance Officer, Indian Health Service, 5600 Fishers Lane, Rockville, MD 20857.
- Phone: 301-443-4750.
- Email: [Evonne.Bennett-Barnes@ihs.gov](mailto:Evonne.Bennett-Barnes@ihs.gov).
- Fax: 301-443-4750.

**SUPPLEMENTARY INFORMATION:** *Title:* OMB Control No. 0917-0036, Fast Track Generic Clearance for the Collection of Qualitative Feedback on Agency Service

Delivery: IHS Customer Service Satisfaction and Similar Surveys. *Abstract:* The IHS will be engaging in information collection activities that will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery within Federal Agencies. Qualitative feedback is information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insight into customer or stakeholder perceptions, opinions, experiences and expectations, and provide an early warning of issues with service. Also, the collection of qualitative feedback will assist IHS to focus its attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. Furthermore, the collection activity will allow feedback to contribute directly to the improvement of program management.

Feedback or information collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative collection will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, sampling frame, sample design (including stratification and clustering), precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias,

protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results. Below are the IHS projected average estimates for the next three years: <sup>1</sup>

*Current Actions:* Extension of approval for a collection of information

*Type of Review:* Extension.

*Affected Public:* Individuals and households, businesses and organizations, and Tribal Government.

*Average expected annual number of activities:* 100.

*Respondents:* 105,000.

*Annual responses:* 105,000.

*Frequency of response:* Once per request.

*Average minutes per response:* 10.

*Burden hours:* 17,500.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

---

<sup>1</sup> The 60-day notice included the following estimate of the aggregate burden hours for this generic clearance for IHS federal-wide:

*Average expected annual number of activities:* 100.

*Average number of respondents per activity:* 1,050.

*Annual responses:* 105,000.

*Frequency of response:* Once per request.

*Average minutes per response:* 10.

*Burden hours:* 17,500.

Dated: November 17, 2017.
