DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2017-0459; Airspace Docket No. 17-AGL-14]

Amendment of Class E Airspace; Greenwood/Wonder Lake, IL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies Class E airspace extending upward from 700 feet above the surface at Galt Field Airport, Greenwood/Wonder Lake, IL. This action is required due to the decommissioning of the Kenosha VHF omnidirectional range (VOR), which provided navigation guidance for the standard instrument approach procedures to this airport. The Kenosha VOR is being decommissioned as part of the VOR Minimum Operational Network (MON) Program. This action enhances the safety and management of instrument flight rules (IFR) operations at the airport. Additionally, the geographic coordinates of the airport are adjusted to coincide with the FAA's aeronautical database.

DATES: Effective 0901 UTC, March 29, 2018. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11B, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/.

For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC 20591; telephone: (202) 267-

8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11B at NARA, call (202) 741-6030, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5711.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class E airspace extending upward from 700 feet above the surface at Galt Field Airport, Greenwood/Wonder Lake, IL, to support standard instrument approach procedures for IFR operations at the airport.

History

On June 20, 2017, the FAA published a notice of proposed rulemaking (NPRM) in the FEDERAL REGISTER (82 FR 28035) for Docket No. FAA-2017-0459 to modify Class E airspace extending upward from 700 feet above the surface at Galt Field Airport, Greenwood/Wonder Lake, IL. Interested parties were invited to participate in this rulemaking

effort by submitting written comments on the proposal to the FAA. No comments were received.

Subsequent to publication, the FAA determined that the exclusionary language contained in the Class E airspace extending upward from 700 feet above the surface airspace description is no longer required and has been removed in this action.

Except for an editorial change and the change noted above, this rule is the same as published in the NPRM.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11B, dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 modifies Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile radius (reduced from an 8.8-mile radius) of Galt Field Airport, and updates the geographic coordinates of the airport to coincide with the FAA's aeronautical database.

The name of the city associated with the airport has been removed from the airspace description to comply with a recent change to FAA Order 7400.2L, Procedures for Handling Airspace Matters. Except for the change noted above, the action in this rule is the same as published in the NPRM.

Airspace reconfiguration is necessary due to the decommissioning of the Kenosha VOR as part of the VOR MON Program and to bring the airspace in compliance with FAA Order 7400.2L, Procedures for Handling Airspace Matters, at this airport. Controlled airspace is necessary for safety and the management of IFR operations at the airport.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017, is amended as follows:

Paragraph 6005. Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL IL E5 Greenwood/Wonder Lake, IL [Amended]

Galt Field Airport, IL

(lat. 42°24'10"N., long. 88°22'30"W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Galt Field Airport.

Issued in Fort Worth, Texas, on December 8, 2017.

Walter Tweedy,
Acting Manager, Operations Support Group,
ATO Central Service Center.
