[Docket No. CP17-476-000]

Gulf South Pipeline Company, LP; Notice of Schedule For Environmental Review  
of the Westlake Expansion Project

On July 20, 2017, Gulf South Pipeline Company, LP (Gulf South) filed an application in Docket No. CP17-476-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate facilities in Calcasieu Parish, Louisiana. The proposed project is known as the Westlake Expansion Project (Project) and would provide about 200 million cubic feet of natural gas per day to the proposed 980 megawatt natural gas-fired combined cycle electric generating plant near Westlake, Louisiana.

On July 31, 2017, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

**Schedule for Environmental Review**

Issuance of EA	February 27, 2018
90-day Federal Authorization Decision Deadline	May 29, 2018

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

**Project Description**

Gulf South proposes to construct and operate the following facilities as part of the Project in Calcasieu Parish, Louisiana:

- one new 10,000 horsepower compressor station (Westlake Compressor Station) and appurtenant facilities;
- approximately 1,600 feet of 16-inch-diameter natural gas pipeline lateral; and
- two new metering and regulating stations (Entergy Lake Charles and Varibus Meter and Regulator Stations).

## **Background**

On August 30, 2017, the Commission issued a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Westlake Expansion Project and Request for Comments on Environmental Issues* (NOI). The NOI was sent to affected landowners; federal, state, and local government agencies; elected officials; Native American tribes; environmental groups; and local libraries. In response to the NOI, the Commission received comments from the U.S. Environmental Protection Agency (EPA), the Louisiana Department of Wildlife and Fisheries (LDWF), Choctaw Nation of Oklahoma, three Louisiana state senators/representatives, the Southwest Louisiana Economic Development Alliance (SWLA), and the Calcasieu Parish Police Jury. The primary issues raised by the EPA and the LDWF are impacts on wetlands and wetland mitigation, waters of the United States, and construction and operational air quality impacts. The Choctaw Nation of Oklahoma requested to be a consulting party, be involved in the development of the Area of Potential Effect, and requested Project shapefiles, which Gulf South provided. The Louisiana state senators/representatives, SWLA, and the Calcasieu Parish Police Jury commented that they support the Project due to its potential economic benefits.

## **Additional Information**
