SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). The Department published the notice of initiation of this

investigation on June 28, 2017.¹ On October 21, 2017, the Department postponed the preliminary determination of this investigation and the revised deadline is now December 18, 2017.² For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic version of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is fine denier PSF from Taiwan. For a complete description of the scope of this investigation, *see* Appendix I.

For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum.⁶ The Department is preliminarily modifying the scope language as it appeared in the *Initiation Notice*. The revised scope is provided in Appendix I to this notice.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. The Department has calculated export prices in accordance with section 772(a) of the Act. Normal value (NV) is calculated in accordance with section 773 of the Act. Furthermore, pursuant to section 776(a) and (b) of the Act, the Department has preliminarily relied upon facts otherwise available, with an adverse inference, for Far Eastern Textile, Ltd. (Far Eastern) also known as Far Eastern New Century Corporation, which declined to participate and did not respond to the Department's questionnaire or otherwise participate in the investigation.⁷ For a full description of the methodology underlying the preliminary determination, *see* the Preliminary Decision Memorandum.

All-Others Rate

In accordance with section 733(d)(1)(A)(i) of the Act, the Department determined weighted-average dumping margins for each of the producers/exporters of the subject merchandise individually investigated. Pursuant to sections 733(d)(1)(A)(ii) and 735(c)(5)(A) of the Act, the Department shall determine an estimated all-others rate for all exporters and

producers not individually examined equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act. Where the rates for the individually investigated companies are all zero or *de minimis*, or determined entirely using facts otherwise available, section 735(c)(5)(B) of the Act instructs the Department to establish “any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated.” The Department has preliminarily determined the estimated weighted-average dumping margin for Far Eastern under section 776 of the Act and determined that the estimated weighted-average dumping margin for Tainan Spinning Co., Ltd. (TSCL) is zero. Pursuant to section 735(c)(5)(B) of the Act, we calculated the “all-others” rate as a simple average of the zero percent dumping margin and the dumping margin based totally on AFA. For a full description of the methodology underlying the Department’s analysis, *see* the Preliminary Decision Memorandum.

Preliminary Determination

The Department preliminarily determines that the following estimated weighted-average dumping margins exist:

Exporter/Producer	Estimated Weighted-Average Dumping Margin (percent)
Tainan Spinning Co., Ltd.	0.00%
Far Eastern Textile Ltd. (AKA Far Eastern New Century Corporation)	48.86
All-Others	24.43

Consistent with section 733(b)(3) of the Act, the Department disregards *de minimis* rates and preliminarily determines that individually examined respondents with *de minimis* rates have not made sales of subject merchandise at LTFV.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the *Federal Register*. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), the Department will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, as follows: (1) The cash deposit rate for the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this preliminary determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise, except as explained below; and

(3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin.

Because the estimated weighted-average dumping margin for TSCL is *de minimis*, entries of shipments of subject merchandise from TSCL will not be subject to suspension of liquidation or cash deposit requirements. In such situations, the Department applies the exclusion to the provisional measures to the producer/exporter combination that was examined in the investigation. Accordingly, the Department is directing CBP not to suspend liquidation of entries of subject merchandise exported and produced by TSCL. Entries of shipments of subject merchandise from TSCL in any other producer/exporter combination, or by third parties that sourced subject merchandise from the excluded producer/exporter combination, are subject to the provisional measures at the all others rate.

Should the final estimated weighted-average dumping margin be zero or *de minimis* for subject merchandise exported and produced by TSCL, entries of shipments of subject merchandise from this producer/exporter combination will be excluded from the potential antidumping duty order. Such exclusions are not applicable to merchandise exported to the United States by TSCL in any other producer/exporter combinations or by third parties that source subject merchandise from the excluded producer/exporter combinations.

These suspension of liquidation instructions will remain in effect until further notice.

Disclosure

The Department intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i) of the Act, the Department intends to verify TSCL's information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation, unless the Department alters the time limit. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.⁸ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

⁸ See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of the Department's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On November 13, 2017, pursuant to 19 CFR 351.210(e), TSCL requested that the Department postpone the final determination and that provisional measures be extended to a period not to exceed six months.⁹ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, the Department is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, the Department will make its final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

⁹ See TSCL's Letter, "Fine Denier Polyester Staple Fiber (FDPSF)," dated November 13, 2017.

In accordance with section 733(f) of the Act, the Department will notify the International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).
