Scope Comments

In accordance with the Preliminary Scope Memorandum, Commerce provided parties an opportunity to provide comments on all issues regarding product coverage (i.e., scope). Certain interested parties commented on the scope of the investigation as it appeared in the Initiation Notice. As a result, the scope of this investigation was modified for the preliminary determination. No further changes to the scope of the investigation were made to this final determination. For a summary of the product coverage comments and rebuttal responses

submitted to the record for this final determination, and accompanying discussion and analysis of all comments timely received, see the Final Scope Decision Memorandum.  

Methodology

Commerce is conducting this countervailing duty (CVD) investigation in accordance with section 701 of the Tariff Act of 1930, as amended (Act). For each of the subsidy programs found to be countervailable, we determine that there is a subsidy (i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient) and that the subsidy is specific. For a full description of the methodology underlying our final determination, see the Issues and Decisions Memorandum.

Scope of the Investigation

The merchandise covered by this investigation is generally described as fine denier PSF from China. For a complete description of the scope of this investigation, see Appendix II.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs submitted by the parties, are discussed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, is attached to this notice at Appendix I.

Use of Adverse Facts Available (AFA)

For purposes of this final determination, we relied on facts available, and because certain respondents did not act to the best of their ability in responding to Commerce’s requests for information, we drew an adverse inference, where appropriate, in selecting from among the facts

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from parties, and minor corrections presented at verification, we made certain changes to the respondents’ subsidy rate calculations since the Preliminary Determination. For a discussion of these changes, see the Issues and Decision Memorandum and the Final Calculation Memoranda.7

Final Determination

In accordance with section 705(c)(1)(B)(i) of the Act, we calculated an individual rate for each producer/exporter of the subject merchandise individually investigated.

In accordance with section 705(c)(5)(A) of the Act, for companies not individually investigated, we apply an “all-others” rate. Under section 705(c)(5)(A)(i) of the Act, the “all-others” rate excludes zero and de minimis rates calculated for the exporters and producers individually investigated as well as rates based entirely on facts otherwise available.

Pursuant to section 705(c)(5)(A)(i) of the Act, we have calculated the “all-others” rate using the subsidy rates of the two individually investigated respondents. However, we have not calculated the “all-others” rate by weight-averaging the rates because doing so risks disclosure of proprietary information. Therefore, and consistent with Commerce’s practice, for the “all-others” rate, we calculated a simple average of the two mandatory respondents’ subsidy rates.

Disclosure

We intend to disclose to parties in this proceeding the calculations performed for this final determination within five days of the date of public announcement of our final determination, in accordance with 19 CFR 351.224(b).

Suspension of Liquidation

As a result of our Preliminary Determination, and pursuant to sections 703(d)(1)(B) and (2) of the Act, we instructed U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of merchandise under consideration from the PRC that were entered or withdrawn from warehouse, for consumption, on or after November 6, 2017, the date of publication of the Preliminary Determination in the Federal Register.

If the U.S. International Trade Commission (the ITC) issues a final affirmative injury determination, we will issue a CVD order, will reinstate the suspension of liquidation under section 706(a) of the Act, and will require a cash deposit of estimated CVDs for such entries of
