**SUPPLEMENTARY INFORMATION:**

**Background**

On December 8, 2017 we, NMFS, published a notice in the Federal Register (82 FR 57955) announcing our initiation of a 5-year review of the Western DPS of Steller sea lion under the ESA and requesting information relevant to this review. NMFS received a request to extend the public comment period to provide adequate time for interested

parties to research and prepare comments. Based on this request, the comment period for submission of comments and information relevant to this 5-year review is extended to April 6, 2018, as requested, to provide additional opportunity for public comment.

**Correction of Address**

The electronic link provided in the Federal Register (82 FR 57955) notice for submission of comments via the Federal eRulemaking Portal is not correct. Thus, NMFS provides a new electronic link (<https://www.regulations.gov/docket?D=NOAA-NMFS-2017-0137>) in the address section above.

**Authority:** 16 U.S.C. 1531 *et seq.*
