SUPPLEMENTARY INFORMATION:

Authority: US Code 38 Section 3689

Title: Approval of Licensing or Certification Test and Organization or Entity

OMB Control Number: 2900-0697.

Type of Review: Reinstatement of a previously approved collection.

Abstract: SAAs and VA will use the information to decide whether the licensing and certification tests, and the organizations offering them, should be approved for use under the education programs VA administers. VA did not develop an official form for this information collection since section 3689 of title 38, United States Code permitted VA to delegate the approval functions to the State Approving Agencies; and from the inception of this information collection, VA has given the State Approving Agencies the authority to approve licensing and certification tests and organizations. Consequently, the State Approving Agencies have developed their own forms to gather information they will need per their respective state laws to decide whether the licensing and certification tests and the organizations offering them should be approved. In the case of an organization seeking approval directly from VA, any information VA receives concerning the request for approval is forwarded directly to the appropriate State Approving Agency. Since SAAs have approval authority, education institutions and licensing and certification organizations supply information to the SAAs for approval in a manner specified by the SAA.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
