**SUPPLEMENTARY INFORMATION:** During the meetings, the governments will review and discuss implementation of the Environment Chapter of the FTA. The Department of State and USTR also invite interested persons to attend a public session where the public will have the opportunity to ask about implementation of both the Joint Statement and the Environment Chapter of the United States-Morocco FTA.

The Environment Chapter of the FTA includes obligations on each Party to ensure that its environmental laws and policies provide for and encourage high levels of environmental protection, effectively enforce its environmental laws, and provide opportunities for

public participation on matters related to the implementation of the chapter. In the Joint Statement, the governments of the United States and Morocco (1) recognize “the importance of protecting the environment while promoting sustainable development in concert with the expanded bilateral trade and investment ties accompanying the United States-Morocco Free Trade Agreement (‘FTA’)” and (2) indicate their intent “to pursue efforts to enhance bilateral environmental cooperation...” In paragraph 5 of the Joint Statement, the governments establish the Working Group to coordinate and review environmental cooperation activities. As envisioned in the Joint Statement, the Working Group develops Plans of Action, reviews and assesses cooperative environmental activities pursuant to the Plan of Action, recommends ways to improve such cooperation, and undertakes such other activities as may seem appropriate to the governments.

Through this notice, the United States is soliciting the views of the public with respect to the 2018-2021 Plan of Action.
