SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled “Definitions of Suspect Product and Illegitimate Product for Verification Obligations Under the Drug Supply Chain Security Act.” On November 27, 2013, the DSCSA (Pub. L. 113-54) was signed into law.
Section 202 of the DSCSA added section 581 of the Federal Food, Drug, and Cosmetic Act (FD&C Act) (21 U.S.C. 360eee), which sets forth definitions for the DSCSA. “Suspect product” is defined in section 581(21) of the FD&C Act, and “illegitimate product” is defined in section 581(8).

FDA is announcing the availability of this draft guidance to describe the Agency’s interpretation of terms used in the definitions of “suspect product” and “illegitimate product” in the DSCSA, for purposes of trading partners’ verification obligations (including notification) under section 582(b)(4), (c)(4), (d)(4), and (e)(4), respectively of the FD&C Act (21 U.S.C. 360eee-1(b)(4), (c)(4), (d)(4), and (e)(4)). The draft guidance lays out FDA’s current understanding of the following key terms for such purposes: counterfeit, diverted, fraudulent transaction, and unfit for distribution.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on definitions of suspect product and illegitimate product for verification obligations under the DSCSA. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. This guidance is not subject to Executive Order 12866.
