

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 110

[Docket Number USCG-2015-0549]

RIN 1625-AA01

Anchorage Grounds; Galveston Harbor, Bolivar Roads Channel, Galveston, Texas

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a new anchorage area, Anchorage Area Alpha (A) East in Bolivar Roads near Galveston, Texas. The establishment of this additional anchorage area would enhance navigational safety, support regional maritime security needs, and contribute to the free flow of commerce in the Houston-Galveston area.

DATES: This rule is effective [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2015-0549 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Commander (LCDR) Navin Griffin, Sector Houston-Galveston, U.S. Coast Guard; telephone (281) 464-4736, e-mail Navin.L.Griffin@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR	Code of Federal Regulations
DHS	Department of Homeland Security
FR	<i>Federal Register</i>
NPRM	Notice of proposed rulemaking
§	Section
U.S.C.	United States Code

II. Background Information and Regulatory History

On August 15, 2017, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Anchorage Grounds; Galveston Harbor, Bolivar Roads Channel, Galveston, Texas (82 FR 38643). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this Anchorage Area. During the comment period that ended, October 16, 2017, we received no comments.

III. Legal Authority and Need for Rule

The legal basis and authorities for this rule are found in 33 U.S.C. 471, 1221 through 1236; 33 CFR 1.05-1, Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to propose, establish, and define regulatory anchorages.

After extensive discussion, including the observations of and comments from various members of the port community, the Coast Guard has determined that the establishment of Anchorage Area (A) East in the Bolivar Roads area is necessary to address port security, port congestion, and navigation safety concerns. The proposed anchorage area was once an area utilized for spoils from dredging and is equipped to safely receive deep draft vessels. This proposed anchorage is primarily intended as an overflow anchorage for vessels that are awaiting an exam or inspection. We are

amending 33 CFR 110.197 to establish Anchorage Area (A) East in order to increase the safety of life and property on navigable waters, improve the safety of vessels operating, transiting, or anchored and moored in the vicinity, and provide for the overall safe and efficient flow of vessel traffic and commerce in the area.

The Coast Guard has ascertained the view of the Galveston, TX District and Division Engineer, Corps of Engineers, U.S. Army, about the specific provisions of this rule.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published August 15, 2017. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a new anchorage Area known as Anchorage Area Alpha (A) East. This anchorage area is located in the Galveston Harbor and Bolivar Roads Channel, TX, just east and adjacent to established Anchorage Area (A) in 33 CFR 110.197(a)(1). The boundaries of Anchorage Area Alpha (A) East are presented in § 110.197(a)(4) in the regulatory text at the end of this document. The anchorage area is approximately 0.19 square miles.

Anchorage Area (A) East is intended for temporary use by vessels of all types. Vessels will be allowed to occupy the anchorage areas during a wide range of conditions and for a broad variety of purposes. For example, vessels would be allowed to anchor temporarily while taking on stores, transferring personnel, or engaging in bunkering operations. Vessels would also be allowed to use anchorage areas while awaiting weather and other conditions favorable to resuming their voyage. However, it is to be

emphasized that this anchorage is primarily intended as an overflow anchorage for vessels that are awaiting an exam or inspection. Vessels would not be allowed to anchor so as to obstruct the passage of other vessels proceeding to and from anchorage spaces. Anchors would not be placed in the channel and no portion of the hull or rigging would be allowed to extend outside the limits of the anchorage area.

Whenever the maritime or commercial interests of the United States so require, the Captain of the Port Houston-Galveston or his designated representative may direct the movement of any vessel anchored or moored within the anchorage areas.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the location and size of the proposed anchorage grounds, as well as, historical automatic identification system (AIS) data. The impacts on routine navigation are expected to be minimal because the proposed

anchorage area is located outside of the established navigation channel. When not occupied, vessels would be able to maneuver in, around, and through the anchorage. Operators on our end maneuvering their vessels around the limits of the proposed anchorage area would not be significantly impacted.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 00 comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

The number of small entities impacted and the extent of the impact, if any, is expected to be minimal. The anchorage area is located in an area of Bolivar Roads that is not a popular or productive fishing location. Further, the location is in an area not routinely transited by vessels heading to, or returning from, known fishing grounds. Finally, the anchorage is located in an area that is not currently used by small entities, including small vessels, for anchoring due to the depth of water naturally present in the area.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction

and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the

Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a permanent anchorage area in Bolivar Roads near Galveston, Texas. It is categorically excluded from further review under paragraph L59(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are

asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 110

Anchorage Grounds.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 110 as follows:

PART 110 ANCHORAGE REGULATIONS

1. The authority citation for part 110 continues to read as follows:

Authority: 33 U.S.C. 471, 1221 through 1236, 2071; 33 CFR 1.05-1;

Department of Homeland Security Delegation No. 0170.1.

2. In § 110.197, add paragraph (a)(4) to read as follows:

§ 110.197 Galveston Harbor, Bolivar Roads Channel, Texas.

(a) * * *

(4) *Anchorage Area (A) East*. The waters bounded by a line connecting the following points:

Latitude	Longitude
29°21'5.87"N	094°42'52.7"W
29°20'53.99"N	094°42'7.13"W
29°20'45.31"N	094°42'37.75"W
29°20'39.16"N	094°42'7.81"W

and thence to the point of beginning. The coordinates are based on NAD 83.
