The deviation is necessary to accommodate a city parade event. This deviation allows the double bascule bridge to remain in the closed-to-navigation position.

**DATES:** This deviation is effective from 7 a.m. to 2 p.m. on June 9, 2018.

**SUPPLEMENTARY INFORMATION:** Multnomah County, Oregon owns the Burnside Bridge, crossing the Willamette River, mile 12.4, at Portland, OR, and has requested a temporary deviation from the operating schedule. The requested deviation is to accommodate the Spirit Mountain Casino Grand Floral Parade. To facilitate this event, the draw of the subject bridge will be authorized to remain in the closed-to-navigation position to marine traffic. This deviation period is from 7 a.m. to 2 p.m. on June 9, 2018.

The Burnside Bridge provides a vertical clearance of 41 feet in the closed-to-navigation position referenced to Columbia River Datum 0.0. The normal operating schedule is in 33 CFR 117.897. Waterway usage on this part of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. The Coast Guard contacted all known users of the Willamette River for comment, and we received no objections for this deviation.

Vessels able to pass through the bridge in the closed-to-navigation position may do so at any time. The bridge will be able to open the span only for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard will inform the users of the waterway, through our Local and Broadcast Notices to Mariners, of the change in operating schedule for the bridges so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedules immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
