published a notice of opportunity to request an administrative review of the antidumping duty order on small diameter graphite electrodes from China for the period of review February 1, 2017, through January 31, 2018.²

On February 28, 2018, Tokai Carbon GE LLC (the petitioner)³ requested an administrative review of the order for 192 producers and/or exporters of the subject merchandise, including Fushun Jinly Petrochemical Carbon Co., Ltd.⁴ In addition, on February 28, 2018, producer and exporter Fushun Jinly Petrochemical Carbon Co., Ltd. requested a review of itself.⁵ On April 16, 2018, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the order on small diameter graphite electrodes from China with respect to 193 companies.⁶ On May 4, 2018, the petitioner withdrew its administrative review request for 191 out of the 192 companies for which it requested a review.⁷ See the Initiation Notice for the full list of companies for which Commerce initiated a review.

Therefore, we are rescinding the administrative review of the antidumping duty order on small diameter graphite electrodes from China for the period February 1, 2017, through January 31, 2018, with respect to the 191 companies for which all review requests were withdrawn. Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the Federal Register.

8 In a prior administrative review of electrodes from China, we found that Fushun Jinly Petrochemical Carbon Co., Ltd. is the same entity as Fushun Jinli Petrochemical Carbon Co., Ltd. See, e.g., Small Diameter Graphite Electrodes from the People’s Republic of China: Final Results of the Antidumping Duty Administrative Review, 77 FR 40854, 40856 n.3 (July 11, 2012). Consistent with this determination, and in the absence thus far of contrary evidence, we are treating these companies as the same entity. See also Memorandum, “Antidumping Duty Administrative Review: Small Diameter Graphite Electrodes form the People’s Republic of China – Respondent Selection,” dated May 15, 2018.
requirement could result in Commerce’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).
