SURFACE TRANSPORTATION BOARD

30-Day Notice of Intent to Seek Extension of Approval and Merger of Collections: Statutory Authority to Preserve Rail Service

ACTION: Notice and request for comments.

AGENCY: Surface Transportation Board.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Surface Transportation Board (STB or Board) gives notice that it is requesting from the Office of Management and Budget (OMB) an extension of approval for the information collections required under section 8(d) of the National Trails System Act (Trails Act). The Board is also seeking approval to merge into this collection (OMB Control Number: 2140-0022) the collection of information about notifications of Trails Act agreement and substitute sponsorship (OMB Control Number: 2140-0017). The Board previously published a notice about this collection in the Federal Register (Apr. 18, 2018). That notice allowed for a 60-day public review and comment period. No comments were received.

DATES: Comments on this information collection should be submitted by July 26, 2018.

SUPPLEMENTARY INFORMATION: The Board currently collects information from those seeking statutory authority to preserve rail carrier service under OMB Control Number 2140-0022. The authority under OMB Control Number 2140-0022 includes the collection of information under the Trails Act, such as the notifications of Trails Act agreement and substitute sponsorship, which is also addressed under OMB Control Number 2140-0017. This request proposes to combine collections under Control Numbers 2140-0017 and 2140-0022, with 2140-0022 being the survivor. The Board will request to discontinue Control Number 2140-0017 upon OMB approval of the merger.

Comments are requested concerning: (1) the accuracy of the Board's burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether

the collection has practical utility. Submitted comments will be summarized and included in the Board's request for OMB approval.

Needs and Uses: Under Interstate Commerce Act, *amended by* the ICC Termination Act of 1995, Pub. L. No. 104-88, 109 Stat. 803 (1995), *amended by* the Surface

Transportation Board Reauthorization Act of 2015, Pub. L. No. 114-110 (2015), and under Section 8(d) of the Trails Act, and the related regulations, persons seeking to preserve rail service over a rail line that is in the process of being abandoned may file pleadings before the Board to acquire or subsidize a rail line for continued service, or to impose what is known as a trail use/railbanking or public use condition.

First, under 49 U.S.C. 10904, the filing of an “Offer of Financial Assistance” (OFA) starts a process of negotiations to define the financial assistance needed to purchase or subsidize the rail line sought for abandonment. Once the OFA is filed, the offeror may request additional information from the railroad, which the railroad must provide. If the parties cannot agree to the sale or subsidy, either party also may file a request for the Board to set the terms and conditions of the financial assistance. Or, under section 10905, a public use request allows the Board to impose a 180-day public use condition on the abandonment of a rail line, permitting the parties to negotiate a public use for the rail line. Alternatively, under section 10907, a feeder line application provides the basis for authorizing an involuntary sale of a rail line.

Finally, under the Trails Act, a trail use request, if agreed upon by the abandoning carrier, requires the Board to condition the abandonment by issuing what is known as a Notice of Interim Trail Use (NITU) or Certificate of Interim Trail Use (CITU). The CITU/NITU permits parties, for 180 days, to negotiate for an interim trail use/railbanking agreement for the rail line. If parties reach an agreement, the CITU/NITU automatically authorizes interim trail use/railbanking, and the parties must notify the Board that they have reached an agreement. The interim trails use/railbanking preserves the rail corridor

for possible future use as an active rail line again. If no agreement is reached, then upon expiration of the negotiation period, the CITU/NITU authorizes the railroad to exercise its option to fully abandon the line without further action by the Board.

The collection by the Board of these offers, requests, and applications, and the railroad's replies (when required), enables the Board to meet its statutory duty to regulate the referenced rail transactions.

Description of Collection 2

Title: Notifications of Trails Act Agreement and Substitute Sponsorship

OMB Control Number: 2140-0017

STB Form Number: None

Type of Review: Merger

Respondents: Rail carriers; parties to an interim trail use agreement; substitute trail sponsors; and state and local governments

Number of Respondents: 40

Estimated Time Per Response: One hour

Frequency: On occasion

Total Burden Hours (annually including all respondents): 40 hours

Total "Non-hour Burden" Cost: None identified. Filings may be submitted electronically to the Board.

Needs and Uses: As described in "Description of Collection 1" above, the STB will issue a CITU or NITU to a prospective trail sponsor who seeks a trails

use/railbanking agreement with the rail carrier of the rail line that is being abandoned. The CITU/NITU permits parties, for 180 days, to negotiate for a trails use/railbanking agreement. If parties reach an agreement, then, under 49 CFR 1152.29, they must jointly notify the Board of that fact and must identify the exact location of the right-of-way subject to the agreement, including a map and milepost marker information. The rules also require parties to file a petition to modify or vacate the CITU/NITU if the trail use/railbanking agreement applies to less of the right-of-way than what is covered by the CITU/NITU. Finally, the rules require that a substitute trail sponsor must acknowledge that interim trail use is subject to restoration and reactivation at any time. The collection by the Board of this information enables the agency to ensure that the documentation for activities under the Trails Act remains current.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Section 3507(b) of the PRA requires, concurrent with an agency's submitting a collection to OMB for approval, a 30-day notice and comment period through publication in the Federal Register concerning each proposed collection of information.

Dated: June 21, 2018.

Clearance Clerk.
