SUPPLEMENTARY INFORMATION:

A. Purpose

Under Federal contracts requiring that equipment (e.g., pumps, fans, generators, chillers, etc.) be installed in a project, the Government must determine that the equipment meets the contract requirements. Therefore, the contractor must submit sufficient data on the particular equipment to allow the Government to analyze the item.

The Government uses the submitted data to determine whether or not the equipment meets the contract requirements in the categories of performance, construction, and durability. This data is placed in the contract file and used during the inspection of the equipment when it arrives on the project and when it is made operable.

B. Annual Reporting Burden

The information collection requirement at FAR clause 52.236-5 has decreased based on information from the FY 2017 FPDS database which shows a lower number of estimated respondents that are subject to the clause.

Respondents: 1,377.

Responses Per Respondent: 2.0.

Annual Responses: 2,754.

Hours Per Response: .25.

Total Burden Hours: 689.

C. Public Comments

A notice was published in the *Federal Register* at 83 FR 11201 on March 14, 2018. No comments were received. Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

OBTAINING COPIES OF PROPOSALS: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street, NW, Washington, DC 20405, telephone 202-501-4755. Please cite OMB Control No. 9000-0062, Material and Workmanship, in all correspondence.
