DEPARTMENT OF ENERGY

[FE Docket No. 18-69-LNG]

BP Energy Company; Application for Blanket Authorization to Export Previously Imported Liquefied Natural Gas on a Short-Term Basis

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on June 15, 2018, by BP Energy Company (BPEC), requesting blanket authorization to export liquefied natural gas (LNG) previously imported into the United States from foreign sources in an amount up to the equivalent of 30 billion cubic feet (Bcf) of natural gas on a short-term or spot market basis. BPEC requests this authorization for a two-year period commencing on July 15, 2018, or as soon thereafter as the requested authorization is granted. BPEC seeks authorization to export the LNG from the Dominion Energy Cove Point LNG, LP Terminal (Cove Point Terminal) located in Calvert County, Maryland, to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. BPEC states that it is authorized in DOE/FE Order No. 4199 to import the equivalent of up to 1,200 Bcf of natural gas from various international sources by vessel for a two-year period beginning on August 22, 2018, and extending through August 21, 2020. BPEC further states that it does not seek authorization to export any domestically produced natural gas or LNG. BPEC is requesting this authorization on its own behalf and as agent for other parties who hold title

to the LNG at the time of export. The Application was filed under section 3 of the Natural Gas Act (NGA). Additional details can be found in BPEC's Application, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2018/07/f53/18-69-LNG.pdf>. Protests, motions to intervene, notices of intervention, and written comments are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the **Public Comment Procedures** section no later than 4:30 p.m., Eastern time, [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

DOE/FE Evaluation

The Application will be reviewed pursuant to section 3 of the NGA, 15 U.S.C. § 717b. In reviewing this Application, DOE will consider domestic need for the natural gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Parties that may oppose this application should comment in their responses on these issues.

The National Environmental Policy Act (NEPA), 42 U.S.C. § 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.
