SUPPLEMENTARY INFORMATION:

BACKGROUND: As requested by the USTR, the Commission will conduct an investigation and prepare a report that catalogs trade-related barriers that SMEs perceive as disproportionately affecting U.S. SMEs exporting to the UK, compared to larger U.S. exporters to the UK. In identifying these barriers to exporting, the USTR indicated in his letter that the Commission may consider information and definitions contained in the three Commission reports on SMEs released in 2010, the Commission report on *Trade Barriers that U.S. Small- and Medium-sized Enterprises Perceive as Affecting Exports to the European Union* released in 2014, any relevant literature, and information gathered from SMEs and others throughout the investigation. The letter also said that the report should cover barriers faced by U.S. SMEs exporting manufactured products, agricultural goods, and services, focusing primarily on

barriers identified by U.S. SMEs that have experience in exporting to the UK either directly or through supply chains. The letter said that the investigation, to the degree practicable, should identify barriers by economic sector and should focus on sectors with high concentrations of SMEs.

In addition, USTR asked that the Commission base its report on available information, including information furnished by SMEs and interested parties following the Commission's notice of investigation. The USTR said that the Commission, to the extent applicable, should provide qualitative distinctions among the identified trade-related barriers. Additionally, the letter said that the report may include suggestions gathered from SMEs or the relevant literature for actions that would help address some of the identified barriers and enhance the participation of U.S. SMEs in U.S.-UK trade. As requested, the Commission expects to transmit its report to the USTR by July 31, 2019.
