**SUPPLEMENTARY INFORMATION:**

**Purpose and Need for Action**

The purpose and need for this EIS is to revise grazing management, as necessary, on the Barnett, Black Butte, Coal Creek, Cottonwood, Fossil-Hellroaring, Lyon-Wolverine, Poison Basin, and Upper Ruby allotments sheep grazing portions to ensure consistency with all law, regulation and policy, including direction from the Rescissions Act of 1995 [Public Law (P.L.) 104-19]. Section 504(a) of the Rescissions Act; and, the 2004 Appropriations Act (P.L. 108-108) Section 325, require the Secretary of Agriculture to schedule when national forests will complete environmental analysis and documentation required under the National Environmental Policy Act for all grazing allotments.

**Proposed Action**

The proposed action would authorize domestic livestock (sheep) grazing on eight allotments and proposes no change to existing grazing management.

**Possible Alternatives**

A 'no grazing' alternative will be analyzed in detail in addition to the proposed action.

**Responsible Official**

The responsible official will be the Madison District Ranger.

**Nature of Decision To Be Made**

The decision to be made is whether or not to implement the proposed action, another alternative, or a combination of the alternatives.

### **Preliminary Issues**

Issues of concern are the effects of domestic sheep grazing on the wild Bighorn Sheep populations found on the B-D NF. There is concern that domestic sheep grazing is a disease transmission risk to the wild Bighorn sheep. Additional issues will be identified through scoping.

### **Scoping Process**

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement.

It is important that reviewers provide their comments in a manner that are useful to the agency's preparation of the environmental impact statement. Comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered.
