[Project Nos. 14858-001 and 4093-035]

Notice Of Availability Of Environmental Assessment; McMahan Hydroelectric, LLC

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 C.F.R. Part 380, the Office of Energy Projects has reviewed the application for the Bynum Hydroelectric Project, located on the Haw River, in Chatham County, North Carolina, and has prepared an Environmental Assessment (EA) for the project. The project would not occupy federal land.

The EA contains the staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document.
