DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2018-0082; Airspace Docket No. 16-AWP-22]

RIN 2120-AA66

Amendment of Class E Airspace; Pago Pago, American Samoa

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, technical amendment.

SUMMARY: This action amends the legal description of the Pago Pago International Airport at Pago Pago, American Samoa. The latitudinal geographic coordinate of the airport is corrected to coincide with the FAA’s aeronautical database. This does not affect the charted boundaries or operating requirements of the airspace.

DATES: Effective 0901 UTC, February 28, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11C, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, S.W., Washington, D.C., 20591; telephone: 202-267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information
on the availability of this material at NARA, call 202-741-6030, or go to https://www.archives.gov/federal_register/cfr/ibr_locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: Bonnie Malgarini, Federal Aviation Administration, Operations Support Group, Western Service Center, 2200 S. 216th Street, Des Moines, WA, 98198; telephone (206) 231-2329.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the coordinates of the Pago Pago International Airport, at Pago Pago, American Samoa.

History

The Aeronautical Information Services branch identified an error in a latitudinal coordinate in the legal description of the Pago Pago International Airport that was not coincidental with the FAA’s aeronautical database. This action makes these corrections.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated
by reference in 14 CFR Part 71.1. The corrected airport reference points will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11C dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. FAA Order 7400.11C is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

The FAA is amending Title 14, Code of Federal Regulations (14 CFR) part 71 by correcting the legal description of the Pago Pago International Airport, Pago Pago, American Samoa. The geographic coordinates of the airport are updated to coincide with the FAA’s aeronautical database. This does not affect the boundaries or operating requirements of the airspace.

This is an administrative change and does not affect the boundaries, altitudes, or operating requirements of the airspace, therefore, notice and public procedure under 5 U.S.C. 553(b) is unnecessary.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation
as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for Part 71 continues to read as follows:

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, effective September 15, 2018, is amended as follows:
Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * * *

AWP AS E5 Pago Pago, AS [Modified]
Pago Pago International Airport, American Samoa  
(lat. 14°19'54"S., long. 170°42'41"W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Pago Pago International Airport and within 4 miles either side of the 071° bearing of the Pago Pago International Airport, extending from the 7-mile radius to 10.6 miles northeast of the Pago Pago International Airport, and within 4 miles either side of the 240° bearing of the Pago Pago International Airport, and extending from 7-miles radius to 10.4 miles southwest of the Pago Pago International Airport; and that airspace extending upward from 1200 feet above the surface within 20-mile radius of Pago Pago International Airport, excluding that airspace extending beyond 12 miles of the shoreline.

Issued in Seattle, Washington, on November 30, 2018.
