**SUPPLEMENTARY INFORMATION:**

The OCC is requesting comment on the following revision to an approved information collection:

Title: Company-Run Annual Stress Test Reporting Template and Documentation for Covered Institutions under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

OMB Control No.: 1557-0319.

Type of Review: Revision.

Description: Section 165(i)(2) of the Dodd-Frank Wall Street Reform and Consumer Protection Act<sup>2</sup> (Dodd-Frank Act) requires certain financial companies, including national banks and federal savings associations, to conduct annual stress tests<sup>3</sup> and

requires the primary financial regulatory agency<sup>4</sup> of those financial companies to issue regulations implementing the stress test requirements.<sup>5</sup> Under section 165(i)(2), a covered institution is required to submit to the Board of Governors of the Federal Reserve System (Board) and to its primary financial regulatory agency a report at such time, in such form, and containing such information as the primary financial regulatory agency may require.<sup>6</sup>

On October 9, 2012, the OCC published in the *Federal Register* a final rule implementing the section 165(i)(2) annual stress test requirement.<sup>7</sup> This rule describes the reports and information collections required to meet the reporting requirements under section 165(i)(2). These information collections will be given confidential treatment (5 U.S.C. 552(b)(4)) to the extent permitted by law.

On May 24, 2018, the Economic Growth, Regulatory Relief, and Consumer Protection Act (EGRRCPA) amended provisions in the Dodd-Frank Act and provided that, eighteen months after EGRRCPA's enactment, financial companies with total consolidated assets of less than \$250 billion that are not bank holding companies will no longer be subject to the company-run stress testing requirements in section 165(i)(2) of the Dodd-Frank Act. In addition, on EGRRCPA's date of enactment, bank holding companies under \$100 billion in total consolidated assets were no longer subject to section 165(i)(2). In order to avoid unnecessary burden for depository institutions and to maintain consistency between bank holding companies and depository institutions, the OCC, Board, and Federal Deposit Insurance Corporation extended the deadlines for all

regulatory requirements related to section 165(i)(2) company-run stress testing for depository institutions with average total consolidated assets of less than \$100 billion until November 25, 2019 (at which time both statutory exemptions will be in effect).<sup>8</sup> The OCC, in coordination with the Board and Federal Deposit Insurance Corporation, is in the process of revising its stress testing regulation to incorporate EGRRPCA's amendments.

In 2012, the OCC first implemented the reporting templates referenced in the final rule. *See* 77 FR 49485 (August 16, 2012) and 77 FR 66663 (November 6, 2012). The OCC is now revising them as described below.

The OCC intends to use the data collected to assess the reasonableness of the stress test results of covered institutions and to provide forward-looking information to the OCC regarding a covered institution's capital adequacy. The OCC also may use the results of the stress tests to determine whether additional analytical techniques and exercises could be appropriate to identify, measure, and monitor risks at the covered institution. The stress test results are expected to support ongoing improvement in a covered institution's stress testing practices with respect to its internal assessments of capital adequacy and overall capital planning.

The OCC recognizes that many covered institutions are required to submit reports using Comprehensive Capital Analysis and Review (CCAR) reporting form FR Y-14A.<sup>9</sup> The OCC also recognizes the Board has modified the FR Y-14A and, to the extent practical, the OCC has kept its reporting requirements consistent with the Board's FR Y-

14A in order to minimize burden on covered institutions.<sup>10</sup> Therefore, the OCC is revising its reporting requirements to mirror the Board's proposed FR Y-14A for covered institutions. The changes include changes to accommodate the revised asset threshold necessitated by EGRRCPA. The changes also include the removal of the Retail Repurchase worksheet and various clarifications in the instructions. In addition to the changes that parallel the Board's changes to the FR Y-14A, the OCC is also removing or modifying certain items on the OCC Supplemental Schedule, which collects additional information not included in the FR Y-14A.

The OCC received one comment on the proposed revisions. The commenter requested clarification about an item on the OCC Supplemental Schedule. The information referenced by the commenter will not be collected in the revised Supplemental Schedule.

Affected Public: Businesses or other for-profit.

Estimated Number of Respondents: 8.

Estimated Total Annual Burden: 4,292 hours.

The OCC believes that the systems covered institutions use to prepare the FR Y-14 reporting templates to submit to the Board will also be used to prepare the reporting templates described in this notice. All comments will become a matter of public record. Comments continue to be invited on:
