Abstract: This is a request for extension of the current information collection of the FSA Feedback System, OMB Control 1845-0141. On March 10, 2015, the White House issued a Student Aid Bill of Rights. Among the objectives identified was the creation of a centralized complaint system that is now resident and supported via the Federal Student Aid/Customer Engagement Management System. The purpose of the Customer Engagement Management System (CEMS) is to meet the objective: “Create a Responsive Student Feedback System: The Secretary of Education will create a new web site by July 1, 2016, to give students and borrowers a simple and straightforward way to file complaints and provide feedback about federal student loan lenders, servicers, collections agencies, and institutions of higher education. Students and borrowers will be able to ensure that their complaints will be directed to the right party for timely resolution, and the Department of Education will be able to more quickly respond to issues and strengthen its efforts to protect the integrity of the student financial aid programs.”
