III. Description of Programs and Potential Disclosure of Information Claimed as CBI to Contractors.

EPA's OECA has responsibility for protecting public health and the environment by regulating air pollution from motor vehicles, engines, and the fuels used to operate them, and by encouraging travel choices that minimize emissions. In order to implement various Clean Air Act programs, and to give regulated entities flexibility in meeting regulatory requirements (e.g., compliance on average), OECA collects compliance reports and other information from the

regulated industry. Occasionally, the information submitted is claimed to be CBI by persons submitting data to EPA. Information submitted under such a claim is handled in accordance with EPA's regulations at 40 CFR Part 2, Subpart B, and in accordance with EPA procedures that are consistent with those regulations. When EPA has determined that disclosure of information claimed as CBI to EPA contractors is necessary, the corresponding contract must address the appropriate use and handling of the information by the EPA contractor and the EPA contractor must require its personnel who require access to information claimed as CBI to sign written non-disclosure agreements before they are granted access to data.

In accordance with 40 CFR § 2.301(h), we have determined that the contractors listed below require access to CBI submitted to EPA under Section 114 of the CAA, Section 208 of the CAA, and APPS, and we are providing notice and an opportunity to comment on EPA contractors' access to information claimed as CBI. OECA collects this data in order to monitor compliance with regulations promulgated under the CAA Title II Emission Standards for Moving Sources, APPS, and the International Convention for the Prevention of Pollution from Ships (MARPOL), Annex VI. We are issuing this Federal Register notice to inform all affected submitters of information that we plan to grant access to material that may be claimed as CBI to the contractors identified below on a need-to-know basis.

Under Contract Number 68HERH19C0004, Eastern Research Group, Incorporated, 14555 Avion Parkway, Suite 200, Chantilly, VA, 20151 provides enforcement support for EPA's CAA mobile source regulatory and enforcement activities including field inspections, investigations, audits and other CAA regulatory and enforcement support that involve access to information claimed as CBI. Access to data, including information claimed as CBI, will commence six days after the date of publication of this notice in the Federal Register, and will

continue until March 1, 2024. If the contract is extended, this access will continue for the remainder of the contract without further notice. If the contract expires prior to March 1, 2024, the access will cease at that time.

Parties who wish to obtain further information about this Federal Register notice, or about OECA's disclosure of information claimed as CBI to contactors, may contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: March 6, 2019.

Phillip A. Brooks,
Director, Air Enforcement Division.
