Title: Operations Specifications, Part 129 Application.

Form Numbers: There are no FAA forms associated with this collection.

Type of Review: Renewal of an information collection.

Background: The final rule published in 2013, clarified and standardized the rules for applications by foreign air carriers and foreign persons for operations specifications issued under 14 CFR part 129 and established standards for amendment, suspension and termination of those operations specifications. The final rule also applied to foreign air carriers and foreign persons operating U.S.-registered aircraft in common carriage solely outside the United States. Estimated Average Burden per Response: 3 hours.

Estimated Total Annual Burden: 75 hours.

Issued in Washington, DC on March 26, 2019.
