SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this
investigation on October 18, 2018.\(^1\) On November 27, 2018, Commerce postponed the preliminary determination of this investigation, and reset the deadline to February 19, 2019.\(^2\)

Subsequently, Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.\(^3\) Accordingly, the revised deadline for the preliminary determination decision is now April 1, 2019.

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.\(^4\) A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at [http://access.trade.gov](http://access.trade.gov), and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at [http://enforcement.trade.gov/frn/](http://enforcement.trade.gov/frn/). The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

description of the scope of this investigation, see Appendix I.

**Scope Comments**

In accordance with the Preamble to Commerce’s regulations,\(^5\) the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).\(^6\) Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*, as well as to certain questions posed by Commerce with regard to the scope language. For a summary of the product coverage comments submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Decision Memorandum. Commerce is preliminarily modifying the scope language as it appeared in the *Initiation Notice*. See revised scope in Appendix I.

**Period of Investigation**

The period of investigation is January 1, 2017, through December 31, 2017.

**Methodology**

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that confers a benefit on the recipient, and that the subsidy is specific.\(^7\) For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.

In making these findings, Commerce relied, in part, on facts available. Further, because one or more respondents did not act to the best of their ability to respond to Commerce's requests for information, an adverse inference was drawn, where appropriate, in selecting from among the

facts otherwise available.® For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

Alignment

In accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), and based on the petitioner’s request,9 we are aligning the final CVD determination in this investigation with the final determination in the companion AD investigation of aluminum wire and cable from China. Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than August 12, 2019, unless postponed.

All- Others Rate

Sections 703(d)(1)(A)(i) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and de minimis rates and any rates based entirely under section 776 of the Act.

In this investigation, Commerce calculated individual estimated countervailable subsidy rates for Shanghai Silin Special Equipment Co., Ltd. (Silin), and Changfeng Wire & Cable Co., Ltd. (Changfeng) that are not zero, de minimis, or based entirely on the facts otherwise available.

---

7 See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.
8 See sections 776(a) and (b) of the Act.
Commerce calculated the all-others’ rate using a simple average of the individual estimated subsidy rates calculated for the examined respondents.\(^{10}\)

**Preliminary Determination**

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

<table>
<thead>
<tr>
<th>Producer/Exporter</th>
<th>Subsidy Rate (Percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shanghai Silin Special Equipment Co., Ltd.(^{11})</td>
<td>15.77</td>
</tr>
<tr>
<td>Changfeng Wire &amp; Cable Co., Ltd.</td>
<td>11.57</td>
</tr>
<tr>
<td>Shanghai Yang Pu Qu Gong</td>
<td>164.16</td>
</tr>
<tr>
<td>All-Others</td>
<td>13.67</td>
</tr>
</tbody>
</table>

**Suspension of Liquidation**

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the *Federal Register*. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

---

\(^{10}\) With two respondents under examination, Commerce normally calculates (A) a weighted-average of the estimated subsidy rates calculated for the examined respondents; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company’s publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010). Because complete publicly ranged sales data was not available, Commerce could not follow its normal methodology. Therefore, we used a simple average of the estimated subsidy rates calculated for the examined respondents.

\(^{11}\) As discussed in the Preliminary Decision Memorandum, Commerce has assigned Silin’s rate to each of the entities named as cross-owned in its affiliation questionnaire response: Jiangxi Silin International Cable Co., Ltd.
