Abstract of Proposed Collection

The information collected on the DS-4283 is used to facilitate the issuance of passports to U.S. citizens in the United States and Canada with imminent travel plans who hire private courier companies to deliver their applications to one of 12 Department domestic passport agencies. The Department asks courier company employees to complete the DS-4283 for each service type and submit the form with passport applications delivered in bulk to passport agencies in a designated drop-off box. Passport agencies use the form to track the submission of applications that a courier drops off. The form serves as a record of receipt of documents submitted to the Department and as an acknowledgment of who delivered these documents. The DS-4283 is part of a Department effort to facilitate the delivery of passport applications by private courier companies while maintaining the integrity of the passport application process.

Methodology

This form is used to track the processing of passport applications delivered in bulk to passport agencies by private courier companies. Courier employees are asked to attach the form onto sealed envelopes or packages containing passport applications which they deliver in bulk to designated drop-off facilities at one of 12 passport agencies for processing.

Rachel M. Arndt,

Deputy Assistant Secretary for Passport Services.
