#### **Missouri Abandoned Mine Land Reclamation Plan**

**AGENCY:** Office of Surface Mining Reclamation and Enforcement, Interior.

**ACTION:** Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

**SUMMARY:** We, the Office of Surface Mining Reclamation and Enforcement (OSMRE), are announcing receipt of a proposed amendment to the Missouri Abandoned Mine Land Reclamation Fund and Abandoned Mine Reclamation and Restoration regulations (hereinafter, the Plan) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). As a result of Missouri's Red Tape Reduction Initiative (Executive Order 17-03), Missouri proposes amendments to its Plan in order to reduce the volume of these regulations without reducing the Plan's requirements. Missouri also proposes revisions to several sections of its Plan to align with the 2006 amendments to SMCRA and the subsequent November 14, 2008, changes to the Federal regulations. This document gives the times and locations where the Missouri Plan and this proposed amendment to that Plan are available for your inspection, establishes the comment period during which you may submit written comments on the amendment, and describes the procedures that we will follow for the public hearing, if one is requested.

**DATES:** We will accept written comments on this amendment until 4:00 p.m., CST, [Insert date 30 days after the date of publication in the FEDERAL REGISTER]. If requested, we will hold a public hearing on the amendment on [Insert date 25 days after date of publication in the FEDERAL REGISTER]. We will accept requests to speak at a hearing until 4:00 p.m., CST on [Insert date 15 days after date of publication in the FEDERAL REGISTER].

**I. Background on the Missouri Plan**

The Abandoned Mine Land Reclamation Program was established by Title IV of the Act (30 U.S.C. 1201 *et seq.*), in response to concerns over extensive environmental damage caused by past coal mining activities. The program is funded by a reclamation fee collected on each ton of coal that is produced. The money collected is used to finance the reclamation of abandoned coal mines and for other authorized activities. Section 405 of the Act allows States and Indian tribes to assume exclusive responsibility for reclamation activity within the State or on Indian lands if they develop and submit to the Secretary of the Interior for approval, a program (often referred to as a Plan) for the reclamation of abandoned coal mines. On the basis of these criteria, the Secretary of the Interior approved the Missouri Plan effective January 29, 1982. You can find background information on the Missouri Plan, including the Secretary's findings, the disposition of comments, and the conditions of approval of the Missouri Plan in the January 29, 1982, Federal Register (47 FR 4253). You can also find later actions concerning the Missouri Plan and amendments to the Plan at 30 CFR 925.20 and 925.25.

**II. Description of the Proposed Amendment**

By letter dated March 6, 2019 (Administrative Record No. MO-685), Missouri sent us an amendment to its Plan under SMCRA (30 U.S.C. 1201 *et seq.*) at its own initiative.

Below is a summary of the changes proposed by Missouri. The full text of the Plan

amendment is available for you to read at the locations listed above under **ADDRESSES**.

Missouri proposes to amend the following sections of its Abandoned Mine Land Reclamation Fund and Abandoned Mine Reclamation and Restoration regulations to conform to the requirements of Missouri Executive Order 17-03 and to align with the 2006 amendments to SMCRA and the subsequent November 14, 2018, changes to the Federal regulations:

10 CSR 40-9.010—Abandoned Mine Reclamation Fund

10 CSR 40-9.020—General Requirements

10 CSR 40-9.030—Rights of Entry

10 CSR 40-9.040—Acquisition of Land and Water for Reclamation

10 CSR 40-9.050—Management and Disposition of Land and Water

10 CSR 40-9.060—Reclamation on Private Lands

### **III. Public Comment Procedures**

We are seeking your comments on whether the amendment satisfies the applicable plan approval criteria of 30 CFR 884.14 and 884.15. If we approve the amendment, it will become part of the State Plan.

#### Electronic or Written Comments

If you submit written comments, they should be specific, confined to issues pertinent to the proposed Plan, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final Plan will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law,

other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see **DATES**) or sent to an address other than those listed (see **ADDRESSES**) will be included in the docket for this rulemaking and considered.

#### Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., CST on [Insert date 15 days after date of publication in the FEDERAL REGISTER]. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of his or

her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

#### Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

#### **IV. Procedural Determinations**

##### Executive Order 12866—Regulatory Planning and Review

Pursuant to Office of Management and Budget (OMB) Guidance dated October 12, 1993, the approval of state program amendments is exempted from OMB review under Executive Order 12866.

##### Other Laws and Executive Orders Affecting Rulemaking

When a State submits a Plan amendment to OSMRE for review, our regulations at 30 CFR 884.14 and 884.15, and agency policy require public notification and an opportunity for public comment. We accomplish this by publishing a notice in the Federal Register indicating receipt of the proposed amendment and its text or a summary of its terms. We

conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.
