I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS) Division of Health Professions Support, is accepting applications for cooperative agreements for American Indians into Psychology. This program is authorized under section 217 of the Indian Health Care Improvement Act, Public Law 94-437, as amended (IHCIA), codified at 25 U.S.C. § 1621p. This program...
Background

The IHS, an agency within the Department of Health and Human Services (HHS), is responsible for providing Federal health services to American Indians and Alaska Natives (AI/AN). The mission of the IHS is to raise the physical, mental, social, and spiritual health of AI/AN. The IHCIA authorizes the IHS to administer programs that are designed to attract and recruit qualified individuals into health professions to ensure the availability of health professionals to serve AI/AN populations. Section 217 of the IHCIA authorizes IHS to administer the American Indians into Psychology Program. Within the Section 217 program, IHS provides grants to colleges and universities to develop and maintain psychology education programs and recruit individuals to become Clinical Psychologists who will provide services to AI/AN people. Psychology program scholarship grants may be used by the educational institution to provide scholarships to Indian students enrolled in clinical psychology education programs. According to the terms and conditions of the psychology program scholarship grant award, scholarship awards are for a 1-year period; additional scholarship support may be awarded to each eligible student for up to four years (maximum).

Purpose

The purpose of this IHS cooperative agreement is to augment the number of Indian
Clinical Psychologists who deliver health care services to AI/AN communities. The primary objectives of this cooperative agreement award are to: (1) recruit and train individuals to be Clinical Psychologists; and (2) provide scholarships to individuals enrolled in schools of clinical psychology to pay tuition, books, fees and stipends for living expenses.

II. Award Information

Funding Instrument

Cooperative Agreement.

Estimated Funds Available

The total funding identified for fiscal year (FY) 2019 is approximately $722,374. Individual award amounts are anticipated to be between $200,000 and $240,000. Given current funding levels, approximately three awards will be issued under this program announcement.
**Period of Performance**

The period of performance is for five years.

**Cooperative Agreement**

Cooperative agreements awarded by the Department of Health and Human Services (HHS) are administered under the same policies as a grant. However, the funding agency (IHS) is anticipated to have substantial programmatic involvement in the project during the entire award segment. Below is a detailed description of the level of involvement required for IHS.

**Substantial Involvement Description for Cooperative Agreement**

**A. IHS Programmatic Involvement**

1) The IHS program official will work closely with the project’s Program Director to ensure timely receipt of the required semi-annual progress reports from each American Indians into Psychology grantee and review them for program compliance.

2) The IHS program official will provide programmatic technical assistance to the grantee as requested.

3) The IHS assigned program official will coordinate and conduct site visits and periodic conference calls with grantees and students as time and budget permit.

4) The IHS program official will work in partnership with the Division of Grants
Management (DGM) to ensure all goals and objectives of the proposed project are met.

5) The IHS program official will provide American Indians into Psychology scholarship materials and policies for student program review.

6) The IHS program official will initiate default proceedings within 90 days after receiving notification from the grantee that a student has been dismissed from the program, withdrawn from school, failed to graduate with a PhD in Clinical Psychology, failed to begin a required period of supervised clinical hours required for state licensure, failed to meet the minimum required number of supervised clinical hours prior to licensure, failed to get licensed and begin obligated service time within 90 days, or failed to complete the service.

6. Electronic Submission Requirements

All applications must be submitted via Grants.gov. Please use the http://www.Grants.gov Web site to submit an application. Find the application by selecting the “Search Grants” link on the homepage. Follow the instructions for submitting an application under the Package tab. No other method of application submission is acceptable.

If the applicant cannot submit an application through Grants.gov, a waiver must be requested. Prior approval must be requested and obtained from Mr. Robert Tarwater, Director, DGM, (see Section IV.6 below for additional information). A written waiver request must be sent to GrantsPolicy@ihs.gov with a copy to Robert.Tarwater@ihs.gov. The waiver must: 1) be documented in writing (e-
mails are acceptable), before submitting an application by some other method, and 2) include clear justification for the need to deviate from the required application submission process.

Once the waiver request has been approved, the applicant will receive a confirmation of approval e-mail containing submission instructions. A copy of the written approval must be included with the application that is submitted to DGM. Applications that are submitted without a copy of the signed waiver from the Director of the DGM will not be reviewed. The Grants Management Officer of the DGM will notify the applicant via e-mail of this decision. Applications submitted under waiver must be received by the DGM no later than 5:00 p.m., EDT, on the Application Deadline Date. Late applications will not be accepted for processing. Applicants that do not register for both the System for Award Management (SAM) and Grants.gov and/or fail to request timely assistance with technical issues will not be considered for a waiver to submit an application via alternative method.

- Please search for the application package in [http://www.Grants.gov](http://www.Grants.gov) by entering the CFDA number or the Funding Opportunity Number. Both numbers are located in the header of this announcement.
- If you experience technical challenges while submitting your application,
please contact Grants.gov Customer Support (see contact information at https://www.grants.gov).

- Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved and a waiver from the agency must be obtained.

- Applicants are strongly encouraged not to wait until the deadline date to begin the application process through Grants.gov as the registration process for SAM and Grants.gov could take up to 20 working days.

- Please follow the instructions on Grants.gov to include additional documentation that may be requested by this funding announcement.

- Applicants must comply with any page limits described in this funding announcement.

- After submitting the application, the applicant will receive an automatic acknowledgment from Grants.gov that contains a Grants.gov tracking number. The IHS will not notify the applicant that the application has been received.

**Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS)**

Applicants and grantee organizations are required to obtain a DUNS number and maintain an active registration in the SAM database. The DUNS number is a unique 9-digit identification number provided by D&B, which uniquely identifies each entity. The DUNS number is site specific; therefore, each distinct
performance site may be assigned a DUNS number. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, please access the request service through http://fedgov.dnb.com/webform, or call (866) 705-5711.

The Federal Funding Accountability and Transparency Act of 2006, as amended (“Transparency Act”), requires all HHS recipients to report information on sub-awards. Accordingly, all IHS grantees must notify potential first-tier sub-recipients that no entity may receive a first-tier sub-award unless the entity has provided its DUNS number to the prime grantee organization. This requirement ensures the use of a universal identifier to enhance the quality of information available to the public pursuant to the Transparency Act.

**System for Award Management (SAM)**

Organizations that are not registered with SAM will need to obtain a DUNS number first and then access the SAM online registration through the SAM home page at https://www.sam.gov (U.S. organizations will also need to provide an Employer Identification Number from the Internal Revenue Service that may take an additional 2-5 weeks to become active). Please see SAM.gov for details on the registration process and timeline. Registration with the SAM is free of charge, but can take several weeks to process. Applicants may register online at https://www.sam.gov.
Additional information on implementing the Transparency Act, including the specific requirements for DUNS and SAM, can be found on the IHS Grants Management, Grants Policy Web site: http://www.ihs.gov/dgm/policytopics/.

2. Indirect Costs

This section applies to all recipients that request reimbursement of indirect costs (IDC) in their application budget. In accordance with HHS Grants Policy Statement, Part II-27, IHS requires applicants to obtain a current IDC rate agreement prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate covers the applicable grant activities under the current award’s budget period. If the current rate is not on file with the DGM at the time of award, the IDC portion of the budget will be restricted. The restrictions remain in place until the current rate agreement is provided to the DGM.

Generally, IDC rates for IHS grantees are negotiated with the Division of Cost Allocation (DCA) https://rates.psc.gov/ and the Department of Interior (Interior Business Center) https://www.doi.gov/ibc/services/finance/indirect-Cost-Services/indian-tribes. 3. Reporting Requirements

The grantee must submit required reports consistent with the applicable deadlines.
Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports. Per DGM policy, all reports are required to be submitted electronically by attaching them as a “Grant Note” in GrantSolutions. Personnel responsible for submitting reports will be required to obtain a login and password for GrantSolutions. Grantees are responsible and accountable for accurate information being reported on all required reports: the Progress Reports and Federal Financial Report.

C. Federal Sub-award Reporting System (FSRS)

This award may be subject to the Transparency Act sub-award and executive compensation reporting requirements of 2 CFR Part 170.

The Transparency Act also includes a requirement for recipients of Federal grants to report information about first-tier sub-awards and executive compensation under Federal assistance awards.
The IHS has implemented a Term of Award into all IHS Standard Terms and Conditions, NoAs and funding announcements regarding the FSRS reporting requirement. This IHS Term of Award is applicable to all IHS grant and cooperative agreements issued on or after October 1, 2010, with a $25,000 sub-award obligation dollar threshold met for any specific reporting period. Additionally, all new (discretionary) IHS awards (where the period of performance is made up of more than one budget period) and where: 1) the period of performance start date was October 1, 2010 or after, and 2) the primary awardee will have a $25,000 sub-award obligation dollar threshold during any specific reporting period will be required to address the FSRS reporting.

For the full IHS award term implementing this requirement and additional award applicability information, visit the DGM Grants Policy Web site at http://www.ihs.gov/dgm/policytopics/.

VIII. Other Information

The Public Health Service strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Pub. L. 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

Chris Buchanan,
Assistant Surgeon General,
U.S. Public Health Service,
Deputy Director,
Indian Health Service.
