

EXECUTIVE ORDER

13872

ECONOMIC EMPOWERMENT OF ASIAN AMERICANS AND PACIFIC ISLANDERS

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to empower Asian Americans and Pacific Islanders to improve the quality of their lives, raise the standard of living of their families and communities, and more fully participate in our economy, it is hereby ordered as follows:

Section 1. Policy. There are presently more than 20 million people of Asian American or Pacific Islander (AAPI) descent residing in the United States, which amounts to more than 6 percent of the population. The AAPI population is the most rapidly growing ethnic group in the country and is expected to increase to over 40 million individuals by 2060. At that time, people of AAPI descent are projected to be more than 9 percent of the Nation's population. Asian Americans and Pacific Islanders have helped build a strong and vibrant America. Generations of AAPI individuals, families, and communities are composed of diverse and varied ethnicities, languages, and cultures, and include residents of United States Pacific Island territories and freely associated states. They play an important economic role, having started businesses and generated jobs that pay billions of dollars in wages and taxes, including founding some of our Nation's most successful and innovative enterprises. Asian Americans and Pacific Islanders have made important contributions to science and technology, culture and the arts, and the professions, such as business, law, medicine, education, politics, and economics. Their shared accomplishments and legacies are an inspirational, significant, and celebrated part of the American experience.

While we celebrate the many contributions of the AAPI communities to our Nation, we also recognize that AAPI communities and enterprises encounter challenges accessing economic resources and opportunities. Many of the more than 1.9 million AAPI-owned enterprises are small sole-proprietorships that need assistance to access available resources such as business development counseling, small-business loans, and government procurement opportunities. Today's AAPI workforce is the largest it has been in American history, and we will continue striving toward furthering AAPI advancement in employment and workforce development as well as increasing AAPI participation and representation in the upper levels of leadership in the public and private sectors.

The purpose of this order is to establish the President's Advisory Commission on Asian Americans and Pacific Islanders and the White House Initiative on Asian Americans and Pacific Islanders. Each will work to broaden access by AAPI employers and communities to economic resources and opportunities, thus empowering AAPIs to improve the quality of their lives, raise the standard of living of their families and communities, and more fully participate in our economy. Additionally, each will work to advance relevant evidence-based research, data collection, and analysis for AAPI populations, subpopulations, and businesses.

Sec. 2. President's Advisory Commission on Asian Americans and Pacific Islanders. The President's Advisory Commission on Asian Americans and Pacific Islanders (the "Commission") is established in the Department of Commerce.

(a) Mission and Function of the Commission. The Commission shall provide advice to the President, through the Secretary of Commerce and the Secretary of Transportation,

who shall serve as Co-Chairs of the Initiative described in section 3 of this order, on:

- (i) the development, monitoring, and coordination of executive branch efforts to broaden access by AAPI employers and communities to economic resources and opportunities;
- (ii) strategies for encouraging innovation and entrepreneurship in AAPI communities, empowering the economic growth of AAPI enterprises and communities, and increasing AAPI business diversification, including through general reductions in regulatory and tax burdens;
- (iii) strategies for increasing Federal procurement opportunities for AAPI enterprises;
- (iv) strategies for increasing participation of AAPI enterprises in partnerships between the public and private sectors;
- (v) economic strategies for AAPI enterprises and communities to employ existing knowledge and relationships in order to pursue trade and investment opportunities in the Asia-Pacific region;
- (vi) opportunities to empower students and families with the freedom to pursue the educational opportunities that best prepare them for success in life and work;
- (vii) strategies for increasing the diversity of our workforce with greater inclusion of AAPI employees through better recruitment, training, educational workshops, career development, advancement, vocational training, or other appropriate and effective means;
- (viii) the compilation and analysis of research and

data related to AAPI populations, subpopulations, and businesses; and

(ix) an analysis of the economic condition of the United States Pacific Island territories and freely associated states in an effort to devise strategies for helping each island develop and maintain a strong and diversified economy that supports its residents.

(b) Membership of the Commission. The Commission shall consist of members appointed by the President who are United States citizens or nationals, or who are citizens of the Republic of Palau, the Republic of the Marshall Islands, or the Federated States of Micronesia who are subject to an applicable compact of free association with the United States, and shall include individuals having a history of engagement and involvement with AAPI communities and enterprises. The President shall designate one member of the Commission to serve as Chair.

(c) Administration of the Commission. (i) The Secretary of Commerce, in consultation with the Secretary of Transportation, shall designate an Executive Director for the Commission. The Department of Commerce shall provide funding and administrative support for the Commission to the extent permitted by law and within existing appropriations, and shall, as necessary and appropriate under section 1535 of title 31, United States Code, enter into one or more agreements to obtain goods or services from the Department of Transportation in support of the Commission. The heads of other executive departments and agencies shall assist and provide information to the Commission, consistent with applicable law, as may be necessary to carry out its functions. Each executive department and agency shall bear its own expenses of assisting the

Commission.

(ii) Members of the Commission shall serve without compensation, but shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service (5 U.S.C. 5701-5707). Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (the "Act"), may apply to the administration of the Commission, any functions of the President under the Act, except that of reporting to the Congress, shall be performed by the Secretary of Commerce, in consultation with the Secretary of Transportation, in accordance with the guidelines issued by the Administrator of General Services.

(d) Termination Date. The Commission shall terminate 2 years from the date of this order, unless renewed by the President prior to that date.
