SUPPLEMENTARY INFORMATION:

On July 1, 2019, the Alcohol and Tobacco Tax and Trade Bureau (TTB) published two proposed rules in the Federal Register:

- Notice No. 182, Elimination of Certain Standards of Fill for Wine, at 84 FR 31257; and
- Notice No. 183, Elimination of Certain Standards of Fill for Distilled Spirits; Amendment of Malt Beverage Net Contents Labeling Regulation, at 84 FR 31264.

In the two proposed rules, TTB addresses petitions requesting that TTB amend the regulations that govern wine and distilled spirits containers to provide for additional authorized standards of fill. As discussed in Notice No. 182, TTB is proposing to eliminate all but a minimum standard of fill for wine containers, and, as discussed in Notice No. 183, TTB is proposing to eliminate all but minimum and maximum standards of fill for distilled spirits containers. The term “standard of fill” as used in the TTB regulations and in the two proposed rules refers to the authorized amount of liquid in the container (for example, 50 mL, 100 mL, 375 mL, 750mL, and 1 liter) rather than the size or capacity of the container itself.

In addition, in Notice No. 183, TTB is also proposing to specifically provide that distilled spirits may be labeled with the equivalent standard United States (U.S.) measure in addition to the mandatory metric measure, and that malt beverages may be labeled with the equivalent metric measure in addition to the mandatory U.S. measure. These revisions will align those labeling regulations
with current TTB policy, which allows such labeling, and also with the wine labeling regulations, which provide that wine labels may include the equivalent U.S. measure in addition to the mandatory metric measure.

As discussed in each proposed rule, in addition to comments on the proposed deregulatory actions, TTB is also requesting comments on the relative merits of alternatives, such as adding new authorized standards of fill and developing an expedited process for adding additional standards in the future. TTB believes that all of these approaches would eliminate restrictions that inhibit competition and the movement of goods in domestic and international commerce.

To date, TTB has received requests to extend the comment period for either Notice No. 182 or Notice No. 183 from three national associations and the European Commission.

The Wine Institute requested a 90-day extension of the comment period for Notice No. 182, stating that TTB issued the notice at a time when their members are engaged in longer business hours in preparation for harvest, with limited time to devote to the issues raised. In addition, the comment states that the group needs additional time to identify interested parties, including both its members and other wine trade associations, to discuss how best to respond.

The American Distilled Spirits Association (ADSA) requested a 90-day extension of Notice No. 183, stating that it and its member companies require “substantial time to fully and properly address this significant request for comment.” The National Alcohol Beverage Control Association (NABCA), which
describes itself as representing the States and local jurisdictions that directly control the distribution and sale of alcohol beverages within their borders, is also requesting a 90-day extension of the comment period for Notice No. 183. NABCA states that it requires additional time to coordinate among its member jurisdictions to develop comments to the issues raised in Notice No. 183.

In addition, TTB has received a request from the European Commission to extend the comment period for Notice No. 183 until September 13, 2019, to allow for coordination of European Union comments on the proposed rule.

In response to these requests, TTB is extending the comment period for Notice No. 182 and Notice No. 183 for an additional 60 days. TTB believes that a 60-day extension of the two comment periods, which in addition to the original 60-day comment period will provide 120 days overall for comment, will be of sufficient length to allow interested parties to consider and comment on the issues raised in the two notices, while allowing TTB to conclude the rulemaking process in a more timely manner.

Therefore, TTB will now accept public comments on Notice No. 182 and Notice No. 183 through October 30, 2019.

Signed: August 6, 2019.

Mary G. Ryan,

Acting Administrator.
