SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Occupational Code Assignment information collection. Information collected on Form ETA-741, Occupational Code Assignment (OCA), is necessary to help occupational information users relate an occupational specialty or job title to an occupational code and title within the framework of the Occupational Information Network. The form helps provide occupation codes for jobs where duties have changed to the extent that the published information is no longer appropriate or the user is unable to classify the job on his or her own. Section 308 of the Workforce Innovation and Opportunity Act (2014) authorizes this information collection. *See* 29 U.S.C. 491-1.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other

provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0137.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the *Federal Register* on May 29, 2019 (84 FR 24822).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty-(30) days of publication of this notice in the *Federal Register*. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0137. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility:
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
