SUPPLEMENTARY INFORMATION:

Public comment procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. § 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the regulations.gov docket for this notice as “other” documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the regulations.gov portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we will post on regulations.gov a “Consolidated Reply” summarizing the
comments, responding to them, and noting any changes we have made to the proposed
records schedule. We will then send the schedule for final approval by the Archivist of
the United States. You may elect at regulations.gov to receive updates on the docket,
including an alert when we post the Consolidated Reply, whether or not you submit a
comment. You may request additional information about the disposition process through
the contact information listed above.

We will post schedules on our website in the Records Control Schedule (RCS)
Repository, at https://www.archives.gov/records-mgmt/rcs, after the Archivist approves
them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation,
agency records managers prepare schedules proposing retention periods for records and
submit these schedules for NARA’s approval. Once approved by NARA, records
schedules provide mandatory instructions on what happens to records when no longer
needed for current Government business. The records schedules authorize agencies to
preserve records of continuing value in the National Archives or to destroy, after a
specified period, records lacking continuing administrative, legal, research, or other
value. Some schedules are comprehensive and cover all the records of an agency or one
of its major subdivisions. Most schedules, however, cover records of only one office or
program or a few series of records. Many of these update previously approved schedules,
and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of
the United States. The Archivist grants this approval only after thorough consideration of
the records’ administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist’s consideration process.
