Deepwater Port License Application: Texas GulfLink LLC; Extension of Scoping Period

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice of Extension of the Public Scoping Comment Period.

SUMMARY: By Federal Register notice of Wednesday, July 3, 2019, titled *Deepwater Port License Application: Texas GulfLink LLC*, the U.S. Coast Guard (USCG), in coordination with the Maritime Administration (MARAD), announced the intent to prepare an environmental impact statement (EIS) as part of the environmental review of the Texas GulfLink LLC (Texas GulfLink) deepwater port license application. Publication of that notice began a 30-day scoping process, announced the date and location of a public scoping meeting as well as requested public participation to assist in the identification and determination of the environmental issues to be addressed in the EIS.

In a Federal Register notice dated Wednesday, August 14, 2019, USCG and MARAD previously advised that the public scoping period for Texas GulfLink would be extended until August 30, 2019. MARAD and USCG have determined that a second extension of the public scoping period for the GulfLink application is necessary to allow the public and interested parties a full 30 days to review the application and provide

written feedback to the agencies. This second extension is due to delays in getting the application properly posted on the docket. This Federal Register Notice announces the date of the extended scoping period.

DATES: Comments or related material on the Texas GulfLink deepwater port license application must be received by September 24, 2019.
