analysis of all comments timely received, see the Preliminary Scope Decision Memorandum.\(^6\) Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice.*

**Methodology**

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.\(^7\) In making these findings, we relied, in part, on facts available and, because one or more respondents did not act to the best of their ability to respond to Commerce’s requests for information, we drew an adverse inference where appropriate in selecting from among the facts otherwise available.\(^8\) For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

**Preliminary Negative Determination of Critical Circumstances**

In accordance with section 703(e)(1) of the Act, Commerce preliminarily determines that information provided in the critical circumstances allegation does not demonstrate the existence of critical circumstances with respect to imports of ceramic tile from China. For a full description of the methodology and results of Commerce’s analysis, see the Preliminary Decision Memorandum.

**Alignment**

\(^7\) See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

\(^8\) See sections 776(a) and (b) of the Act.
As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final countervailing duty (CVD) determination in this investigation with the final determination in the companion antidumping duty (AD) investigation of ceramic tile from China based on a request made by the Coalition for Fair Trade in Ceramic Tile (the petitioner). Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than January 21, 2020, unless postponed.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted-average of the estimated subsidy rates established for those companies individually examined, excluding any zero and de minimis rates and any rates based entirely under section 776 of the Act. In this investigation, Commerce preliminarily assigned a rate based entirely on facts available to Temgoo International Trading Limited. Therefore, the only rate that is not zero, de minimis, or based entirely on facts otherwise available is the rate calculated for Foshan Sanfi Imp & Exp Co., Ltd. (Sanfi). Consequently, the rate calculated for Sanfi is also assigned as the rate for all other producers and exporters.

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:
