Correction

In final regulations FR Doc. 2019–09569, on page 20239 in the issue of May 9, 2019, make the

following corrections:

1. On page 20239, in the third column, under the heading "Executive Orders 12866 and

Executive Order 13563," remove the sentence "This rule has been designated a "significant

regulatory action," although not economically significant, under section 3(f) of Executive Order 12866" and add in its place the sentence "This rule is not a significant regulatory action under Executive Order 12866 and was not reviewed by the Office of Management and Budget."

2. On page 20239 in the third column, before the heading "Regulatory Flexibility Act," add a new heading and paragraph to read as follows:

Executive Order 13771, Reducing Regulation and Controlling Cost

This rule is not an Executive Order 13771 regulatory action because it is not significant under Executive Order 12866.

NASA Federal Register Liaison Officer.
