ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. The FAA's Fuel Tank Flammability Safety rulemaking requires manufacturers to provide a report to the FAA every 6 months for up to 5 years after the flammability reduction system is incorporated into the fleet. The data collection is needed to assure system performance meets that predicted at the time of certification.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 100 hours.

Estimated Total Annual Burden: 4,000 hours.
