**SUPPLEMENTARY INFORMATION:**

The Haines Planning Area encompasses approximately 920,000 acres in Southeast Alaska, bounded by the Canadian Border to the north and west, Glacier Bay National

Park to the southwest, and the Tongass National Forest to the south and east. This Planning Area consists mainly of steep and remote mountainous terrain, with bedrock and glaciers that restrict road and trail access. Of the total acreage within the Planning Area, the BLM manages approximately 316,000 acres. The size of the Planning Area has changed since the 2008 signing of the Ring of Fire RMP Record of Decision (ROD) due to the conveyance of several sections of BLM-managed lands to the State of Alaska.

The purpose of this planning effort is to identify which designations, associated management practices, and implementation actions best fulfill the resource and multiple-use needs within the Haines Planning Area. It is also intended to evaluate an Area of Critical Environmental Concern, as required by the Ring of Fire RMP ROD. In addition, this planning effort considered the results of a multi-year, BLM-funded study of goat and bear habitat in the Haines area by the Alaska Department of Fish and Game, completed in 2017. This amendment revises the applicable portions of the Ring of Fire RMP and provides a plan which is consistent with evolving law, regulations, and policy.

The BLM conducted public outreach to inform the public and answer questions regarding the Proposed Haines Amendment to the Ring of Fire RMP/EIS. A Notice of Intent (NOI) to prepare the Draft RMP Amendment/Draft EIS was published in the *Federal Register* in March 2009. The NOI initiated a 90-day formal scoping period that lasted until June 26, 2009. Public meetings were held during the scoping period in the communities of Haines, Skagway, and Anchorage. In 2018, an additional 60-day public outreach that closed May 30 was offered and public meetings were held in the communities of Haines, Skagway, and Juneau. In addition to both public meetings, BLM consulted with and solicited comments from local, state, and federal governments, special interest groups,

and Native American tribes. In May of 2019, the Supplemental Draft EIS for the Haines Amendment to the Ring of Fire Resource Management Plan was published for a 90-day public comment period. An open house was held in Haines on June 20, 2019. Additional consultation and cooperating agency meetings were held in Haines in June 2019. Public involvement is further described in Chapter 5 of the Final EIS.

Instructions for filing a protest regarding the Final EIS/Proposed Haines Amendment to the Ring of Fire RMP may be found in the “Dear Reader” letter and at 43 CFR 1610.5-2. All protests must be in writing and mailed to the appropriate address, as set forth in the ADDRESSES section above. Emailed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the emailed protest as an advance copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct emails to [protest@blm.gov](mailto:protest@blm.gov).

Before including your phone number, email address, or other personal identifying information in your protest you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
