In 2018, the government of the United States launched the *America Crece* (Growth in the Americas) initiative to foster coordinated, whole-of-government efforts in support of all U.S. energy and infrastructure engagement in the LAC region. This request for comment and event notification seeks public comment on priorities and strategies to enhance commercial

engagement in energy and other infrastructure in the LAC region through programs under the umbrella of the *America Crece* initiative.

The Department seeks individual input and views at the November 7, 2019 roundtable regarding the LAC region, including the following topics:

- The principal foreign barriers to investment in the energy and infrastructure sectors in LAC countries.
- The challenges U.S. companies face in seeking and/or providing competitive financing for projects in the LAC region.
- Proactive solutions or actions that the U.S. government could pursue that would have an impact on catalyzing U.S. private sector participation in commercial opportunities in LAC.
- Insights from working with USG agencies—such as State, Commerce, Treasury, Energy, USTDA, EXIM, OPIC, USAID—in doing business in LAC, including assessments of the strengths and weaknesses of the U.S. government tools to promote U.S. businesses in the energy and infrastructure sectors in LAC countries.

Event: The November 7, 2019 roundtable will provide an overview of the *America Crece* initiative and will include a discussion session during which participants will provide insights and feedback related to the initiative and energy and infrastructure in the LAC region. Due to limited space, the event is closed to press and observers. Industry participation is limited to 30 qualifying industry representatives.
