SUPPLEMENTARY INFORMATION: In the Federal Register of September 25, 2019, FDA published a proposed rule that would, if finalized, establish requirements related to the content and format of premarket tobacco product applications, application review procedures, and recordkeeping. Interested persons were originally given until November 25, 2019, to comment on the proposed rule.

Following publication of the proposed rule in the Federal Register of September 25, 2019, FDA received a request to allow interested persons additional time to comment. The requester asserted that the time period of 60 days was insufficient to allow potential respondents to thoroughly evaluate and address pertinent issues. FDA has considered the request and is reopening the comment period for the proposed rule for 20 days. The Agency believes that a 20-day reopening of the comment period allows adequate time for interested persons to submit comments without significantly delaying rulemaking on these important issues.
Dated: November 21, 2019.

Lowell J. Schiller,

Principal Associate Commissioner for Policy.
