National Highway Traffic Safety Administration

[Docket No. NHTSA-2019-0097; Notice 1]

FCA US, LLC, Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: FCA US LLC (f/k/a Chrysler Group LLC) “FCA US” has determined that certain model year (MY) 2019 Chrysler Pacifica motor vehicles do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 110, Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 Kilograms (10,000 Pounds) or Less. FCA US filed a noncompliance report dated August 27, 2019. FCA US subsequently petitioned NHTSA on September 20, 2019, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This document announces receipt of FCA US’s petition.

DATES: The closing date for comments on the petition is [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket number and notice number cited in the title of this notice and may be submitted by any of the following methods:

- Mail: Send comments by mail addressed to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE, Washington, DC 20590.
• Hand Delivery: Deliver comments by hand to the U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE, Washington, DC 20590. The Docket Section is open on weekdays from 10 am to 5 pm except for Federal Holidays.

• Electronically: Submit comments electronically by logging onto the Federal Docket Management System (FDMS) website at https://www.regulations.gov/. Follow the online instructions for submitting comments.

• Comments may also be faxed to (202) 493-2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to https://www.regulations.gov, including any personal information provided.

All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the fullest extent possible.

When the petition is granted or denied, notice of the decision will also be published in the Federal Register pursuant to the authority indicated at the end of this notice.

All comments, background documentation, and supporting materials submitted to the docket may be viewed by anyone at the address and times given above. The documents may also
be viewed on the Internet at https://www.regulations.gov by following the online instructions for accessing the dockets. The docket ID number for this petition is shown in the heading of this notice.

DOT’s complete Privacy Act Statement is available for review in a Federal Register notice published on April 11, 2000 (65 FR 19477-78).

SUPPLEMENTARY INFORMATION:

I. Overview: FCA US has determined that certain MY 2019 Chrysler Pacifica motor vehicles do not fully comply with paragraphs S4.3(a) and (b) of FMVSS No. 110, Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 Kilograms (10,000 Pounds) or Less (49 CFR 571.110). FCA US filed a noncompliance report dated August 27, 2019, pursuant to 49 CFR part 573, Defect and Noncompliance Responsibility and Reports. FCA US subsequently petitioned NHTSA on September 20, 2019, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, Exemption for Inconsequential Defect or Noncompliance.

This notice of receipt of FCA US’s petition, is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercises of judgment concerning the merits of the petition.

II. Vehicles Involved: Approximately 350 MY 2019 Chrysler Pacifica motor vehicles, manufactured between October 4, 2018, and July 3, 2019, are potentially involved.

III. Noncompliance: FCA US explains that the noncompliance is that the subject vehicles tire placard label erroneously states the seating capacity as seven occupants rather than eight
occupants, and shows a combined occupant and cargo weight of 1,150 lbs. rather than 1,240 lbs. as required by paragraph S4.3 of FMVSS No. 110.

IV. Rule Requirements: Paragraphs S4.3(a) and S4.3(b) of FMVSS No. 110 include the requirements relevant to this petition. Each vehicle, except for a trailer or incomplete vehicle, shall show the information specified in paragraphs S4.3(a), vehicle capacity weight expressed as the combined weight of occupants and cargo and S4.3(b) designated seated capacity (expressed in terms of total number of occupants and number of occupants for each front and rear seat location.

V. Summary of FCA US’s Petition:

The following views and arguments presented in this section, are the views and arguments provided by FCA US. They have not been evaluated by the Agency and do not reflect the views of the Agency.

FCA US described the subject noncompliance and stated that the noncompliance is inconsequential as it relates to motor vehicle safety. FCA US submitted the following views and arguments in support of the petition:

1. While the number of occupants and the calculated weight are incorrect on the vehicle placard label, the calculated weight for seven occupants (1,150 lbs.) is below the calculated weight for eight occupants (1,240 lbs.), and therefore, there is no risk of vehicle overloading.

2. All information required for maintaining and/or replacing the front and rear tires is correct on the vehicle placard of the affected vehicles. In fact, the recommended cold tire inflation pressures for both the seven occupants and the eight occupant vehicles are the same. Therefore, there is no risk of under-inflation.
3. All other applicable requirements of FMVSS No. 110 have been met.

4. The vehicle certification label is correct. Vehicles with seven occupants and eight occupants share the same Gross Vehicle Weight Rating (6055 lbs.), and front and rear Gross Axle Weight Rating (2950 lbs. and 3200 lbs., respectively).

5. The number of seats and the number of safety belts installed in the vehicle will clearly indicate to a vehicle owner the actual seating capacity, the rear seating of the affected vehicles contains six seat belt assemblies, and provides adequate space for six people to occupy the rear seats. Further, the vehicle in fact does accommodate six occupants, and not five as labeled.

6. FCA US is not aware of any crashes, injuries, or customer complaints associated with this condition.

7. NHTSA has previously granted inconsequential treatment for FMVSS 110 noncompliance for incorrect vehicle placard seated capacity values. Examples of the agency granting a similar inconsequentiality petition for vehicle placard incorrect seated capacity are:

   - General Motors, LLC, 79 FR 69557 (November 21, 2014)
   - Ford Motor Company, 74 FR 69373 (December 31, 2009)
   - BMW of North America, LLC, a Subsidiary of BMW AG, 78 FR 43964 (July 22, 2013)

   FCA US concluded that the subject noncompliance is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.
NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that FCA US no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control after FCA US notified them that the subject noncompliance existed.
