DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2019-0625; Airspace Docket No. 19-AWP-2]

RIN 2120-AA66

Amendment of Class E Airspace; Redding, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final Rule.

SUMMARY: This action modifies Class E airspace designated as an extension to a Class D or Class E surface area, and Class E airspace extending upward from 700 feet above the surface at Redding Municipal Airport, Redding CA. This action also removes Class E airspace extending upward from 1,200 feet above the surface; this airspace is wholly contained within the Rogue Valley en route airspace and duplication is not necessary. Additionally, this action updates the geographic coordinates of the airport to match the FAA’s database. Lastly, this action removes references to the Redding VOR/DME and Lassen NDB from the airspace legal description, as well as the airspace extensions associated with the navigational aids.

DATES: Effective 0901 UTC, March 26, 2020. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://federalregister.gov/d/2020-00106, and on govinfo.gov
https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email fedreg.legal@nara.gov or go to https://www.archives.gov/federal-register/cfr/ibr-locations.html.

FOR FURTHER INFORMATION CONTACT: Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S. 216th Street, Des Moines, WA 98198; telephone (206) 231-3695.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Redding Municipal Airport, Redding, CA, to ensure safety and management of Instrument Flight Rules (IFR) operations at the airport.

History

The FAA published a notice of proposed rulemaking in the Federal Register (84 FR 52051; October 1, 2019) for Docket No. FAA-2019-0625 to amend Class E airspace
designated as an extension to a Class D or Class E surface area and that airspace extending upward from 700 feet above the surface at Redding Municipal Airport, Redding, CA. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6004 and 6005 of FAA Order 7400.11D, dated August 8, 2018, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 modifies Class E airspace designated as an extension to a Class D or Class E surface area within 2.3 miles west and 2.5 miles east of the 193° bearing from the airport, extending from the 4.3-mile radius of the airport to 7.3 miles south of the Redding Municipal Airport.

This action also modifies the Class E airspace extending upward from 700 feet above the surface within a 6.8-mile radius of the airport, and within 1.1 miles west and 1 mile east of the 360° bearing from the airport, extending from the 6.8-mile radius to 12.5 miles north
of the airport, and within 8.1 miles west and 4 miles east of the 193° bearing extending from the airport to 16 miles south of the Redding Municipal Airport.

Additionally, this action removes Class E airspace extending upward from 1,200 feet above the surface as this airspace is wholly contained within the Rogue Valley en route airspace and duplication is not necessary.

Lastly, this action removes the Redding VOR/DME, the Lassen NDB from the airspace legal description and the airspace extensions associated with the navigational aids.

Class E airspace designations are published in paragraphs 6004 and 6005 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would
not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71 - DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for 14 CFR part 71 continues to read as follows:

   **Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

   § 71.1 [Amended]

   2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

   Paragraph 6004. Class E Airspace Areas Designated as an Extension to a Class D or Class E Surface Area.
AWP CA E4 Redding, CA
Redding Municipal Airport, CA
(lat. 40°30'32"N., long. 122°17'36"W.)

That airspace extending upward from the surface within 2.3 miles west and 2.5 miles east of the
193° bearing from the airport, extending from the 4.3-mile radius of airport to 7.3 miles south of
the Redding Municipal Airport. This Class E airspace area is effective during the specific dates
and times established in advance by a Notice to Airmen. The effective date and time will
thereafter be continuously published in the Chart Supplement.

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above
the Surface of the Earth.

AWP CA E5 Redding, CA
Redding Municipal Airport, CA
(lat. 40°30'32"N., long. 122°17'36"W.)

That airspace extending upward from 700 feet above the surface within a 6.8-mile radius of the
airport and within 1.1 miles west and 1 mile east of the 360° bearing from the airport, extending
from the 6.8-mile radius to 12.5 miles north of the airport and within 8.1 miles west and 4 miles
east of the 193° bearing extending from the airport to 16 miles south of the Redding Municipal
Airport.

Shawn M. Kozica,
Group Manager,
Operations Support Group,
Western Service Center.
